AGREED BOARD ORDER

On this day came to be considered by the Board of Vocational Nurse Examiners the matter of vocational nurse license number 151089 held by SHEILA GAY ASHLEY, hereinafter called Respondent.

By letter, the Board of Vocational Nurse Examiners sent preliminary notice to Respondent of its intent to take disciplinary action with respect to said license held by Respondent, as a result of a complaint and subsequent investigation. Said investigation produced evidence indicating that Respondent has engaged in unprofessional or dishonorable conduct that, in the board's opinion, is likely to deceive, defraud, or injure the public, in violation of the Texas Occupations Code, Chapter 302, Section 302.402 (a) (10) in the following manner:

a. Respondent was employed as a Licensed Vocational Nurse with Terrell State Hospital in Terrell, Texas from about July 2, 1996 through about January 2, 2001.

b. While so employed with said facility, from about April 12, 1999 through about November 11, 1999, Respondent was responsible for failing to make entries in patients' records and failing to administer medications to patients per physicians' orders, to-wit:

04-07-99 and
04-12-99 Failure to administer Ativan 2mg to Patient #70054 per physician's orders;

04-12-99 Failure to administer Klonopin 1mg to Patient #79608 per physician's orders;

- 04-12-99 Failure to administer Ativan 2mg to Patient #51859 per physician's orders;
- 04-12-99 Failure to administer Ativan 1mg to Patient #86535 per physician's orders;
- 04-27-99 Failure to administer medications (Seroquil, Desmopressin, Docusate, Famotidine, Calcium , Ativan and Gabapentin) to Patient #080544 per physician's orders; said medications were found the next morning in the patient's drawer. Ativan had been signed out by Respondent on the Controlled Drug Register; however, the patient did not receive the medication nor was the Ativan returned to control lock box. Respondent also failed to document in the progress notes why the patient did not receive the medications.
- 09-28-99 Failure to transcribe physician's order for Amoxicillin for Patient #065997 onto the Medication Administration Records. Said medication was due to be administered prior to said patient's dental appointment. The patient did not receive the medication due to it not being on the Medication Administration Records.
- 10-12-99 Patient #041026's physician ordered that Ativan 2mg was to be administered should said patient refuse the Depakote medication. Respondent administered Ativan to the patient but failed to document this on the progress notes and on the Controlled Drug Register. Due to Respondent's failure to document the withdrawal of Ativan on the Controlled Drug Register, the narcotic count showed a discrepancy which was not resolved until the following day.
- 11-11-99 to 11-14-99 Failure to administer four doses of Clozaril HS to Patient #91572 per physician's orders;
- 11-19-99 and 11-22-99 Negligently administered 1.2 units of Bacillin to Patient #039187 instead of 2.4 units per physician's orders.

By Respondent's signature on this Order, Respondent neither admits nor denies the truth of the matters previously set out in this Order with respect to the above-mentioned investigation. By Respondent's signature on this Order, Respondent acknowledges that they have read and understood this Order and have approved it for consideration by the Board.

Notice of this disciplinary action will appear in the Board's newsletter sent to Texas employers.
