BEFORE THE BOARD OF NURSE EXAMINERS
FOR THE STATE OF TEXAS

In the Matter of Vocational Nurse License Number 93620 § AGREED
issued to JEAN BOWDEN SHAIKH § ORDER

On this day the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, considered the matter of JEAN BOWDEN SHAIKH, Vocational Nurse License Number 93620, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Texas Occupations Code Section 301.452(b)(10). Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on August 14, 2005, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Stephenville Hospital School of Vocational Nursing, Stephenville, Texas, on August 24, 1981. Respondent was licensed to practice vocational nursing in the State of Texas on December 11, 1981.

5. Respondent's vocational nursing employment history includes:

12/1981 - 03/2003	Unknown	
04/2003 - 06/2004	Staff Nurse	Forest Oaks Nursing Home Hamilton, Texas
07/2004 - Present	Unknown	

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a staff nurse with Forest Oaks Nursing Home, Hamilton, Texas, and had been in this position for one (1) year and two (2) months.
7. On or about June 6, 2004, while employed with Forest Oaks Nursing Home, Hamilton, Texas, Respondent failed to accurately assess for signs and symptoms of airway obstruction when Resident PS experienced "gurgling" from his airway. Respondent's conduct was likely to harm Resident PS from undetected progression of clinical complications, including those associated with airway obstruction, such as dyspnea, hypoxia, respiratory arrest, and possible demise.
8. On or about June 6, 2004, while employed with Forest Oaks Nursing Home, Hamilton, Texas, Respondent failed to notify the physician that Resident PS had been "gurgling" from his airway since approximately 19:00 hours that evening. Subsequently, the on-call nurse, who had arrived at approximately 20:15 hours, notified the physician, who ordered the resident transferred to the hospital, where he was pronounced deceased eight (8) minutes after arrival. Respondent's conduct deprived the resident of physician-directed interventions and may have contributed to the resident's demise.
9. On or about June 6, 2004, while employed with Forest Oaks Nursing Home, Hamilton, Texas, Respondent failed to institute appropriate emergency interventions to include airway suctioning to stabilize Resident PS's medical condition when the resident was emitting gurgling sounds from his airway from approximately 19:00 hours until 20:30 hours. A RN, who had just arrived at the facility discovered the resident's oxygen saturation level was fifty-two percent (52%) on room air and suctioned approximately one hundred cc's (100 cc's) of fluid from his airway. Respondent's conduct deprived Resident PS of adequate airway management and delayed definitive medical treatment of the resident's condition, which may have may contributed to his demise.

BALANCE OF PAGE INTENTIONALLY LEFT BLANK.
CONTINUED ON NEXT PAGE.

10. On or about June 6, 2004, while employed with Forest Oaks Nursing Home, Hamilton, Texas, Respondent failed to provide an accurate report to the nurses who relieved her. Respondent counted narcotics with the RN, then gave a report on all the residents leaving Resident PS last, stating the resident "may need some cough expectorate." About that time, a CNA asked the RN to check Resident PS, because he had been gurgling for some time. Respondent's conduct resulted in an inaccurate report and was likely to injure the resident in that subsequent care givers did not have accurate information on which to base their care decisions.
11. In response to the incidents in Findings of Fact Numbers Seven (7) through Ten (10), Respondent states that soon after the start of her shift, she experienced a sudden onset of nausea, vomiting, and diarrhea, which required Respondent to make frequent trips to the bathroom. As a result, she called several nurses to relieve her so she could go home. An RN and a LVN arrived between approximately 20:15 and 20:30 hours, after which, Respondent went home. Regarding the incident in Finding of Fact Number Eight (8), Respondent states the facility did not have adequate suction machines available for emergencies, and that she was unable to find an adapter needed in order to suction Resident PS. Subsequently the facility implemented new emergency procedures and placed a crash cart with emergency equipment in the medication room.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 239.11(3)&(27)(A).
4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 93620, heretofore issued to JEAN BOWDEN SHAIKH, including revocation of Respondent's license to practice vocational nursing in the State of Texas.
