BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 566025 §
issued to DONALD BOWKER § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DONALD BOWKER, Registered Nurse License Number 566025, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on April 8, 2011, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from University of Texas San Antonio, San Antonio, Texas, on May 1, 1990. Respondent was licensed to practice professional nursing in the State of Texas on November 26, 1990.
5. Respondent's professional nursing employment history is unknown.

6. On or about January 8, 2009, Respondent entered a plea of Guilty and was convicted of DWI MISD REPETITION (a Class A misdemeanor offense committed on May 1, 2008), in the County Criminal Court of Law No. 7 of Tarrant County, Texas, under Cause No. 1112678. As a result of the conviction, Respondent was sentenced to confinement in the Tarrant County Jail for a period of thirty (30) days. Additionally, Respondent was ordered to pay a fine and court costs.
7. In Response to Finding of Fact Number Six (6), Respondent states: He was charged with and convicted of DWI on January 8, 2009, as a result of being involved in a motorcycle accident on January 6, 2008. A vehicle forced the Respondent out of his lane and into a fellow motorcycle rider. The driver of the car left the scene of the accident and was never found. Respondent was taken by ambulance to the hospital where he spent two nights. It was during the initial assessment that his blood was drawn and subsequently tested for alcohol. It was determined that his blood alcohol level was greater than the state threshold for DWI. As a result of this event, he has not had any alcohol whatsoever since June 28, 2008. Respondent began to attend AA meetings and alcohol has not been a problem in his life since that very day.
8. On or about March 25, 2011, Respondent underwent a forensic psychiatric evaluation, with chemical dependency component, with Timothy J. Proctor, Ph.D., ABPP. Dr. Proctor's summary is that the Respondent is an individual with alcohol dependence that is currently in full remission. Although he has demonstrated impairments in adaptive functioning related to his use of alcohol, most notably legal and social difficulties, he denied any history of negative occupational impacts to the performance of his duties as a licensed nurse. He appears to have been abstinent from alcohol for a period of time which is greater than 12 months and reportedly plans to maintain his abstinence.

Dr. Proctor recommends that Respondent complete at least one year of alcohol/drug screening to ensure and verify his continued abstinence from alcohol and drug use. Should subsequent substance use be detected (excluding his current prescribed medications), he should be required to participate in a Board-approved substance abuse/dependence treatment program, demonstrate one year of verifiable, documented sobriety, and undergo an additional three years of probationary monitoring by the Board.

9. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(13).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 566025, heretofore issued to DONALD BOWKER, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
