Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 621202 §
issued to JAMES D. LONG § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of JAMES D. LONG, Registered Nurse License Number 621202, herein referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on April 10, 2011, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Amarillo College, Amarillo, Texas, on July 1, 1995. Respondent was licensed to practice professional nursing in the State of Texas on August 1, 1995.
5. Respondent's nursing employment history includes:

8/1995-9/1996

RN
St. Anthony Hospital
Amarillo, Texas

Respondent's nursing employment history continued:

9/1996-5/1997	RN Caprock Home Health Amarillo, Texas
11/1996-4/1999	RN Indian Health Services Amarillo, Texas
4/1999-8/2000	RN Baptist St. Anthony Hospital Amarillo, Texas
9/2000-6/2001	RN Amarillo Nursing Center Amarillo, Texas
6/2001-9/2007	RN Northwest Texas Hospital Amarillo, Texas
9/2006-6/2007	RN Northwest Texas Rehab Hospital Amarillo, Texas
6/2007-10/2007	RN High Plains Rehab Hospital Amarillo, Texas
10/2007-5/2009	RN Golden Plains Community Hospital Borger, Texas
5/2009-present	RN Plum Creek Specialty Hospital Amarillo, Texas
6/2009-present	RN Northwest Texas Rehab Hospital Amarillo, Texas

6. At the time of the initial incident, Respondent was employed as a RN with Plum Creek Specialty Hospital, Amarillo, Texas, and had been in this position for eleven (11) months.

7. On or about May 27, 2010, while employed with Plum Creek Specialty Hospital, Amarillo, Texas, Respondent failed to assess Patient Medical Record Number 2000006, following a thoracentesis procedure, a procedure that is done by inserting a needle through the patient's ribs into the space between the patient's lung and chest wall (the pleural space) to remove excess fluid. When the physician arrived at the patient's bedside, at 3:30 p.m., the Respondent assisted while the physician carried out the procedure that removed 1700cc's of fluid from the patient's pleural space, making it easier for the patient to breath. Respondent failed to assess the patient or intervene following the procedure and made no further entries in the patient's medical record. At 7:00 p.m. that evening the patient was discovered by the oncoming nurse to be with out pulse and respirations. Respondent's conduct exposed the patient unnecessarily to risk of harm from a delay of interventions which may have contributed to the patient's death.

8. On or about August 7, 2010, while employed with Plum Creek Specialty Hospital, Amarillo, Texas, Respondent failed to conduct a comprehensive nursing assessment of Patient Medical Record Number 2000334 when the patient had significant decline in his medical condition. Respondent failed to document in the patient's medical record or report to the patient's physician the signs and symptoms the patient was exhibiting which included a decreased heart rate, decrease in blood pressure and a steady decrease in body temperature. The patient was found, by the oncoming nurse, to have a core temperature of 91 degrees. The physician was notified and interventions were started to raise the patient's core temperature but those efforts failed and the patient died. Respondent's conduct exposed the patient unnecessarily to risk of harm from medical complications as a result of a delay in interventions which may have contributed to the patient's death.

9. In response to the Findings of Fact Number Seven (7) and Eight (8), Respondent states that he assumed care of the patient at 7:00 a.m. on May 27, 2010, completed his assessment at 7:30 a.m. and that the patient was alert and oriented with an oxygen saturation greater than 90% with oxygen at 3l/nc and that the patient was checked on often and frequently. Respondent states that the patient remained orientated throughout the day and the assessment never changed. Respondent states that when the physician arrived at 3:30 p.m., he assisted with the patient's thoracentesis procedure, which took about 45 minutes to complete. Respondent states that the patient was reassessed at 4:30 p.m., and at that time the patient's right lung was clear and his left lung had scattered rales and rhonchi. Respondent states that the respiratory therapist arrived and gave the patient a treatment at approximately 5:30 p.m. and an x-ray technician was with the patient at around 6:20 p.m. Respondent states the patient was found at change of shift, 7:00 p.m., without pulse and respirations. In regard to Patient Number 20003334, Respondent states that he did document in the medical record interventions and vital signs every hour as ordered by the physician. Respondent states the CNA took the patient's temperature and documented it on a flow sheet per facility policy and that the patient's other vital signs were taken by the bedside cardiac monitor. The cardiac monitor was set up to record vital signs every hour. Respondent states the only change in the patient's condition was the narrowing pressures and these were pointed out to the physician's nurse practitioner when she rounded early that afternoon.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(A),(1)(B),(1)(D),(1)(M), &(3)(A) and 22 (1)(P) and 217.12(1)(A),(1)(B),(1)(C)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 621202, heretofore issued to JAMES D. LONG, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
