BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 190223 §
issued to CONSTANCE MARIE DALTON § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the E considered the matter of CONSTANCE MARIE DALTON, Vocational Nurse License Number 190223, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on January 30, 2011, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Clarendon College, Clarendon, Texas, on August 15, 2003. Respondent was licensed to practice vocational nursing in the State of Texas on September 16, 2003.
5. Respondent's nursing employment history includes:

09/2003 - 06/2007 Unknown

Respondent's nursing employment history continued:

10/2006 - 06/2008	Staff Nurse	Baptist St. Anthony's Health System Amarillo, Texas
07/2007 - 07/2009	Charge Nurse	Claude Nursing Home Claude, Texas
06/2008 - Unknown	Staff Nurse	Community Care Center of Clarendon Clarendon, Texas
Unknown		McLean Care Center McLean, Texas

6. At the time of the initial incident, Respondent was employed as a LVN with Community Care Center of Clarendon, Clarendon, Texas, and had been in this position for one (1) year.
7. On or about June 30, 2009, while employed with Community Care Center of Clarendon, Clarendon, Texas, Respondent failed to notify Resident D.L.'s physician and family at 0345 when the resident was found sitting on the hallway floor complaining that he had hit the top of his head. The next shift nurse notified his physician who gave orders to transport D.L. to the hospital for evaluation. A CT scan of his head revealed an "acute left frontal subdural hematoma." Respondent's conduct exposed the Resident unnecessarily to a risk of harm from clinical complications as a result of a delay in medical evaluation and treatment of the bleeding in the brain.
8. On or about August 4, 2009, while employed with Community Care Center of Clarendon, Clarendon, Texas, Respondent failed to notify Resident O.F.'s physician and family when at 0430 the resident experienced a change in condition, as evidenced by "crackles" in all lung fields and a moderate amount of foamy, white phlegm requiring suctioning to clear. At 0700, Resident O.F. was found by the next shift nurse with no pulse, blood pressure or respirations. He was pronounced deceased at 0705 on August 4, 2009. Respondent's conduct exposed the Resident unnecessarily to a risk of harm from clinical complications as a result of a delay in medical treatment and may have contributed to the resident's subsequent demise.
9. In response to Finding of Fact Numbers Seven (7) and Eight (8), Respondent states that:
 - On June 30, 2009, at 0345, Resident D. L. had removed his "personal alarm" and was found crawling across the hallway.
 - Resident D. L. stated he hit the top of his head.
 - Resident D. L. "had a red area to the back of his head, which may have been there previously, with no bump or knot."
 - On admission, June 26, 2009, Resident D. L. had a surgical incision to the top of his head.
 - Resident D. L. often complained of pain to the top of his head.
 - She found Resident D. L.'s neurologic checks to be within normal limits, with no increased confusion or change in his behaviors.
 - She asked the morning Charge Nurse to notify the Resident D. L.'s family and physician.

- She “did not call the Dr. or family at 0345, because there were no abnormal behaviors, ‘neuros’, no severe noted injuries, which was policy at that time.”
- On August 4, 2009, at 0430 she assessed Resident O.F. and found him “to be ‘gurgly’ to the back of the throat”, lung sounds with crackles throughout.
- She suctioned Resident O.F.'s mouth and throat to remove the “foamy phlegm”.
- “I did not call the Dr. because O.F. had been coughing for several days and his lungs had crackles which was told to me but not charted by previous nurses, this was not a new condition for this resident.”
- She repositioned Resident O.F. and raised the head of the bed. The resident was talking to her before she left the room.
- She reported “this” to the morning Charge Nurse, went in to the resident’s room and spoke to him before she clocked out. Resident told her he was okay.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

4.
