BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 180505 §
issued to LATOSHA NICOLE IVERY § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the E considered the matter of LATOSHA NICOLE IVERY, Vocational Nurse License Number 180505, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on December 10, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Nursing from Paris Junior College, Paris, Texas on May 11, 2001. Respondent was licensed to practice vocational nursing in the State of Texas on June 14, 2001.
5. Respondent's nursing employment history includes:

6/2001 - 4/2007	Unknown
-----------------	---------

Respondent's nursing employment history continued:

5/2007 - Present	Staff Nurse/Charge Nurse (5/2009 Assistant Director of Nursing)	Sulphur Springs Health and Rehabilitation Sulphur Springs, Texas
------------------	---	--

6. At the time of the incidents in Finding of Fact Number Seven (7), Nine (9), Eleven (11), and Thirteen (13), Respondent was employed as a Staff Nurse with Sulphur Springs Health and Rehabilitation, L.P., and had been in this position for three (3) months.
7. On or about August 27, 2007, while employed as a staff nurse with Sulphur Springs Health and Rehabilitation, L.P., Respondent failed to know the rationale and effects of Risperdal when she incorrectly administered Risperdal to Patient RF five (5) days earlier than ordered by the physician order. Respondent's conduct placed the patient at risk of experiencing adverse reactions to an overdose of medication.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that when she came on duty the day shift nurse asked her to give the Risperdal and they counted the days on the Medication Administration Record but they were inadvertently looking at the July 2007 Medication Record instead of August 2007.
9. On or about August 27, 2007, while employed as a staff nurse with Sulphur Springs Health and Rehabilitation, L.P., Respondent failed to report and document changes in Patient RF's condition. Respondent's conduct resulted in an inaccurate medical record which subsequent caregivers would rely on to base further medical decisions.
10. In response to the incident in Finding of Fact Number Nine (9), Respondent states she did not note a change in the patient's condition.
11. On or about August 27, 2007, while employed as a staff nurse with Sulphur Springs Health and Rehabilitation, L.P., Respondent failed to notify the physician of the change in Patient RF's condition. Respondent's conduct deprived the physician of essential information to initiate timely medical intervention required to stabilize the patient.
12. In response to the incident in Finding of Fact Number Eleven (11), Respondent states she was unaware of a change in condition until the Director of Nurses called her into the office and informed her that the Risperdal was given five (5) days early, and the physician and family had been notified.

13. On or about August 27, 2007, while employed as a staff nurse with Sulphur Springs Health and Rehabilitation, L.P., Respondent failed to assess and intervene when Patient RF experienced excessive sedation after the administration of Risperdal. Respondent's conduct deprived the patient of timely detection and interventions which may have prevented complications that resulted in the patient experiencing an undetected cerebral vascular accident.
14. In response to the incident in Finding of Fact Number Thirteen (13), Respondent states she did not note that the patient was over sedated.

CONCLUSIONS OF LAW
