BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of Vocational Nurse                   §        AGREED  
License Number 207333                                   §  
issued to ANN MARIE GONZALES                   §        ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ANN MARIE GONZALES, Vocational Nurse License Number 207333, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on January 30, 2011, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Ranger Junior College, Graham, Texas, on August 5, 2006. Respondent was licensed to practice vocational nursing in the State of Texas on November 7, 2006.
5. Respondent's nursing employment history includes:

11/2006 - 04/2007	Staff Nurse	Comanche County Medical Center Comanche, Texas
02/2007 - 05/2007	Treatment Nurse	Granbury Care Center Granbury, Texas

Respondent's nursing employment history continued:

06/2007 - 10/2007	Charge Nurse	Coronado Nursing Center Abilene, Texas
10/2007 - Unknown	Charge Nurse	DeLeon Nursing and Rehabilitation DeLeon, Texas

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a Charge Nurse with DeLeon Nursing and Rehabilitation, DeLeon, Texas, and had been in this position for three (3) months.
7. On or about January 5, 2008, through January 7, 2008, while employed as a Charge Nurse with DeLeon Nursing and Rehabilitation, De Leon, Texas, Respondent failed to perform a focused assessment of Resident ZN's left leg and failed to notify the physician that the resident, who had returned from the hospital on January 4, 2008, for surgical repair of a left hip fracture, complained continuously of severe left leg pain. It was subsequently revealed that Resident ZN had sustained a fracture of two bones in her left lower leg. Additionally, Respondent failed to completely and accurately document in the resident's medical record. Respondent's conduct resulted in an incomplete medical record, and was likely to injure the resident from the undetected progression of symptoms associated with a fractured leg, including continued, severe pain.
9. In response to the incident in Finding of Fact Number Seven, Respondent states the resident was sensitive with repositioning after she returned from the hospital, and Respondent reasonably attributed her pain to the identified hip fracture, not an unidentified leg fracture. On January 5, 2008, Respondent performed an assessment of Resident ZN, which revealed that the Resident did not exhibit any swelling, redness, or obvious deformity of the lower extremities. According to Respondent, the resident did not verbalize any unusual complaints of pain during her shift except her usual guarded behavior during repositioning, and did not display any adverse clinical findings indicative of a fractured leg that would have precipitated a call to the physician and an immediate transfer to the hospital. Respondent contends that because there was an understood, but unwritten policy not to call the physician after office hours for routine matters, there was no on-call physician available after office hours, and the physician had not given the facility his cell phone number, the facility nursing staff were expected to evaluate a situation, make a nursing judgement based on clinical findings and then, if the resident met certain criteria and an emergent need was evident, make a determination to call the local hospital for orders. Respondent denies there was an intent to neglect the needs of the resident and asserts that the restrictive protocols imposed by the attending physicians about calling required that the resident exhibit unambiguous symptoms to transfer the resident to the hospital.

### CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(A),(1)(B),(1)(D),(1)(M),(1)(P),&(2)(A) and 217.12(1)(A),(1)(B),(1)(C)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 207333, heretofore issued to ANN MARIE GONZALES, including revocation of Respondent's license to practice vocational nursing in the State of Texas.
