In the Matter of Vocational Nurse

§
§ AGREED
§ ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of MICHAEL ANTHONY ARREDONDO, Vocational Nurse License Number 166584, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9),(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on November 17, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.

3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from St. Phillip's College, San Antonio, Texas, on December 11, 1997. Respondent was licensed to practice vocational nursing in the State of Texas on February 17, 1998.

6. At the time of the initial incident, Respondent was employed as a vocational nurse with Pyramed Health Services, San Antonio, Texas, and had been in this position for three (3) years and two (2) months.
7. On or about October 14, 2010, while employed as a Vocational Nurse with Pyramed Health Services, San Antonio, Texas, and assigned to provide nursing care to Patient Medical Record Number A2010172, Respondent engaged in the intemperate use of Alcohol, in that he was drinking while on duty. Additionally, Respondent provided Alcohol to his under aged patient. The use of Alcohol by a Vocational nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger. In addition, Respondent's conduct may have caused delayed distress for the patient, which may not be recognized or felt by the patient until harmful consequences occur.
8. In response to Finding of Fact Number Seven (7), Respondent states: "I did drink while on duty with my client. My client wanted to drink a beer and asked a private care giver to go and buy beer. I was foolish to agree to it and partake. I completely regret my actions."
