BEFORE THE BOARD OF NURSE EXAMINERS
FOR THE STATE OF TEXAS

In the Matter of Registered Nurse License Number 685443 § AGREED
issued to STEPHEN CHRISTOPHER SMITH § ORDER

An investigation by the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, produced evidence indicating that STEPHEN CHRISTOPHER SMITH, hereinafter referred to as Respondent, Registered Nurse License Number 685443, may have violated Section 301.452(b)(10)&(13), Texas Occupations Code.

An informal conference was held on April 24, 2007, at the office of the Board of Nurse Examiners, in accordance with Section 301.464 of the Texas Occupations Code.

Respondent appeared in person. Respondent was represented by Louis Leichter, Attorney at Law. In attendance were Mary Beth Thomas, MSN, RN, Executive Director's Designee; Victoria Cox, Assistant General Counsel; Anthony L. Diggs, MSCJ, Director, Enforcement Division; Susan Anderson, RN, Investigator, and Carolyn Schooley, RN, Investigator.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived notice and hearing, and consented to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on December 14, 2001. Respondent was licensed to practice professional nursing in the State of Texas on March 26, 2002.

5. Respondent's professional nursing employment history includes:

3/02 - 1/05	Staff Nurse Medical/Surgical	Parkland Health and Hospital System Dallas, Texas
2/05 - Present	Agency Nurse	Maxim Staffing Dallas, Texas

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse on the Medical/Surgical Unit with Parkland Health and Hospital System, Dallas, Texas, and had been in this position for one (1) year.

7. On or about March 10, 2003, through March 11, 2003, while employed as a Staff Nurse on the Medical/Surgical Unit with Parkland Health and Hospital System, Dallas, Texas, Respondent failed to provide adequate care for Patient Medical Record Number 0358554 in that he:

- Failed to assess and/or document the patient's vital signs every 2 hours, as ordered. The patient had just been admitted to the Medical/Surgical Unit from the Post Anesthesia Care Unit (PACU), following an eight hour surgery;
- Failed to assess and/or document strict intake and hourly output, as ordered. Although the patient received a total intake of 8000 cc, it appears from the medical record that he had a urinary output of only 600 cc;
- Failed to notify the physician of the patient's continued low blood pressure and low urinary output, as ordered; and

Thirty (30) minutes after Respondent determined that the patient was lethargic and had weak pedal pulses, the patient's family notified Respondent that they were concerned that the patient was not snoring. Respondent found the patient cold to touch with no pulse, and called a code. The patient was pronounced deceased after an unsuccessful attempted resuscitation. Respondent's conduct resulted in an inaccurate, incomplete medical record, and may have contributed to the patient's demise.

8. On or about January 16, 2005, through January 18, 2005, while employed as a Staff Nurse on the Medical/Surgical Unit with Parkland Health and Hospital System, Dallas, Texas, Respondent failed to obtain Capillary Blood Glucose readings for patients, as ordered, and instead, falsely documented Capillary Blood Glucose (CBG) readings in the medical records, as follows:

DATE/ TIME	PATIENT	PHYSICIAN'S ORDER	CBG Reading DOCUMENTED BY RESPONDENT	CBG Reading DOCUMENTED BY ACCUCHECK MACHINE
1/16/05 @ 1030	823349	Measure blood glucose levels every hour.	204	No report documented
1/16/05 @ 1330	"	"	168	"
1/16/05 @ 1630	"	"	158	"
1/18/05 @ 0330	568386	"	81	"

Respondent's conduct was deceptive, resulted in an inaccurate, incomplete medical record, and was likely to injure the patient in that subsequent care givers would rely on his documentation in order to provide further patient care.

9. In response to the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Respondent denies the allegation in Finding of Fact Number Seven (7), stating that the patient refused to be transferred to the Intensive care Unit (ICU) following her surgery. In regards to the incident in Finding of Fact Number Eight (8), Respondent states that the three (3) values that were allegedly not recognized by the accudata came during times of the day when "prioritization is high," and that he remembers sticking the patient, the machine reading and the machine turning off at 168, but that he does not remember if he checked the memory to see if the machine registered the CBG. In regards to the second patient, Respondent states that he is open to the possibility that he incorrectly operated the accucheck machine.

2. Notice was served in accordance with law.
