BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 746796 §
issued to TOSIN MERCY ANIFOWOSE § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of TOSIN MERCY ANIFOWOSE, Registered Nurse License Number 746796, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on September 8, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Houston Community College, Houston, Texas, on September 10, 2007. Respondent was licensed to practice professional nursing in the State of Texas on September 13, 2007.

6. At the time of the initial incident, Respondent was employed as a Home Health Registered Nurse with Maxim Healthcare Services, Houston, Texas, and had been in this position for approximately three (3) months.
7. On or about September 16, 2009, while employed as a Registered Nurse with Maxim Healthcare Services, Houston, Texas, Respondent lacked fitness to practice nursing while on duty caring for a ventilator/tracheostomy dependent child in that she was found asleep curled up in a recliner with a hood over her head. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
8. In response to Finding of Fact Number Seven (7), Respondent states she does recall around 4 A.M. or 5 A.M., the temperature of the patient's room became unbearably cold, her hands and ears were getting numb from the air conditioning, and she had no choice but to put on her sweater with the hood over her head for comfort. Additionally, Respondent states that at this hour the patient was sleeping comfortably with a small blanket over her, showing no signs of distress with all alarms still on and audible, and there was not a medication or feeding due at this time.
