

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 124255 §
issued to RENEE ANNE RULE § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Bo considered the matter of RENEE ANNE RULE, Vocational Nurse License Number 124 hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9)&(10), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on October 22, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Diploma in Vocational Nursing from the Army Practical Nurse Course, Fort Sam Houston, Texas, on December 14, 1988. Respondent was licensed to practice vocational nursing in the State of Texas on May 26, 1989.
5. Respondent's vocational nursing employment history is unknown.

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.
Katherine A. Thomas
Executive Director of the Board

6. At the time of the incident, Respondent was employed as a vocational nurse with Brooke Army Medical Center, Fort Sam Houston, Texas.
7. On or about April 29, 2010, while employed as Licensed Vocational Nurse with Brooke Army Medical Center, Fort Sam Houston, Texas, Respondent engaged in the intemperate use of Marijuana, in that she produced a specimen for a random drug screen that resulted positive for Marijuana. . Possession of Marijuana, is prohibited by Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act). The use of Marijuana by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
8. In response to Finding of Fact Number Seven (7), Respondent states: "I made a bad choice by putting myself within circumstances that have been detrimental, and brought discredit to my career. I do not remember voluntarily ingesting any substance that could result in a positive test for Marijuana. I had recently been to a party outside of my regular group of friends, drank more than I had in a very long time, and was in close proximity to others smoking Marijuana. It is possible, based on hearsay following the party, that there may have been an appetite stimulant added to some of the food provided at the party. I am not, and have not been associated with, or participated in the use of illegal drugs throughout my career in the medical field. I have been a member of the military for 22 years, and was employed for a total of 5 years as a DOD employee. I am and have been subject to random drug testing throughout those years, and had within the previous 3 months of this incident been subjected to a command directed urinalysis with my unit. I was completely blind sided by the call I received from the physician who told me that I tested positive for THC. I listened to him speak and heard him talk about a "spill" and another sample in the freezer that could be retested at my expense for \$150.00. I was in the midst of being assigned to duty in Iraq and preparing to deploy, and could not afford that. I can tell you that this is/has been an isolated incident that I regret and cannot retrieve. I am prepared to do whatever deemed necessary by you to maintain my license."
9. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation of Section 301.452(b)(9)&(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(A) and 217.12(4),(5),(10)(A),(D)&(11)(B).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 124255, heretofore issued to RENEE ANNE RULE, including revocation of Respondent's license(s) to practice nursing in the State of Texas.
