BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 725542 §
issued to DEMETRIA LA JUAN CARWILE § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DEMETRIA LA JUAN CARWILE, Registered Nurse License Number 725542, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on September 10, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from El Centro College, Dallas, Texas, on December 15, 2005. Respondent was licensed to practice professional nursing in the State of Texas on February 28, 2006.
5. Respondent's nursing employment history includes:

2/2006 - Present	Staff Nurse	Methodist Dallas Medical Center Dallas, Texas
------------------	-------------	--
6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse with Methodist Dallas Medical Center, Dallas, Texas, and been in this position for eleven (11) months.

7. On or about January 30, 2007, while employed as a Staff Nurse with Methodist Dallas Medical Center, Dallas, Texas, Respondent failed to ensure that the in-house physician ordered Potassium replacement therapy for Patient Number DU00354791 using weight based dosing, as required by the facility's policy for patients with weight less than 50 kg. The patient weighed 18.5 kg and based upon weight, the maximum daily dose of Potassium was limited to 55.5 mEq of Potassium. As ordered, Respondent administered Potassium 60 mEq per the patient's jejunostomy tube at 1:08 am, followed by Potassium 10 mEq per hour intravenously beginning at 3:30 am. At 6:25 am, the patient became pulseless, and Respondent called for a "Code Blue" and began chest compressions. Forty-five (45) minutes later, the patient was pronounced deceased after unsuccessful attempts at resuscitation, and a Potassium level drawn during the code using an i-STAT indicated that the patient's Potassium level had become critically elevated. Respondent's conduct may have contributed to the patient's demise.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent denies that the doses of Potassium she administered were excessive, pointing out that she even clarified the rate of intravenous administration after the in-house physician initially ordered the Potassium to be administered at 15 mEq per hour over four (4) hours. Accordingly, Respondent administered the intravenous Potassium at the clarified rate of 10 mEq per hour over six (6) hours, and Respondent indicates that less than half of the intravenous Potassium had been administered at the time of the code and that the administration was verified as proper at the time of the incident through verification of both the intravenous pump and the Potassium solution.
9. The Board finds that since the incident, Respondent has been promoted to the position of Charge Nurse at the same facility and that Respondent's evaluation for the October 2007 through September 2008 period reflects that Respondent "Far Exceeds Standard" in the majority of patient care areas.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(B),(1)(C)&(1)(N) and 217.12(1)(B)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 725542, heretofore issued to DEMETRIA LA JUAN CARWILE, including revocation of Respondent's license to practice professional nursing in the State of Texas.
