

Respondent's nursing employment history continued:

4/1988 - 5/1988		Unknown
6/1988 - 6/1991	Charge Nurse	Memorial Southeast Hospital Houston, Texas
7/1991 - 11/1991	Agency Nurse	Nurse Finder's Houston, Texas
12/1991 - 9/1992	Charge Nurse	The University of Texas Medical Branch, Surgical Units Galveston, Texas
10/1992 - 12/2007	Charge Nurse	Mainland Medical Center Texas City, Texas
1/2008 - Present		Not employed in nursing

5. At the time of the incidents in Findings of Fact Numbers Six (6) and Seven (7), Respondent was employed as a Charge Nurse with Mainland Medical Center, Texas City, Texas, and had been in that position for fifteen (15) years and two (2) months.
6. On or about December 14, 2007, while employed with Mainland Medical Center, Texas City, Texas, Respondent failed to report the critically elevated bilirubin lab values of Patient Medical Record Number E000133835 to the physician, as required. After Respondent's end of shift report, the oncoming nurse noticed that the patient appeared jaundiced, which is caused by excess bilirubin and which had not been included in Respondent's report of the patient. When the oncoming nurse reviewed the patient's lab results, she detected the critically elevated bilirubin level and reported it to the physician one (1) hour and fifteen (15) minutes after the results had been called to Respondent. Respondent's conduct was likely to injure the patient from progression of untreated disease processes.
7. On or about December 14, 2007, while employed with Mainland Medical Center, Texas City, Texas, Respondent erroneously documented in the medical record that her assessment of Patient Medical Record Number E000133835 was performed at 8:27 am, after her shift had ended, instead of at 2:00 am, when it had actually been completed. Respondent's conduct resulted in an inaccurate medical record and was likely to injure the patient in that subsequent care givers would not have accurate information on which to base their care decisions.
8. On or about February 26, 2008, Respondent was issued the sanction of a Remedial Education through an Agreed Order by the Board. A copy of the Findings of Fact, Conclusions of Law and Order, dated February 26, 2008, is attached and incorporated herein by reference as part of this Order.

9. On or about July 16, 2010, Respondent informed the Board that she has been unable to practice nursing since the incidents in December 2007 due to her declining health status and medical condition. Accordingly, Respondent states that she would prefer to surrender her license rather than agreeing to any remediation that the Board might require, which she understands could include both classes and some period of monitored nursing practice.
10. Formal Charges were filed on August 10, 2010.
11. Formal Charges were mailed to Respondent on August 10, 2010.
12. On or about August 19, 2010, Respondent submitted a notarized statement to the Board voluntarily surrendering the right to practice professional nursing in Texas. A copy of Respondent's notarized statement, dated August 19, 2010, is attached and incorporated herein by reference as part of this Order.

TEXAS BOARD OF NURSING

By:

Katherine A. Thomas, MN, RN
Executive Director on behalf
of said Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse License Number 253319 § AGREED
issued to CYNTHIA ANN TROUSDALE § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of CYNTHIA ANN TROUSDALE, Registered Nurse License Number 253319, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on January 23, 2008, by Katherine A. Thomas, MN, RN, Executive Director.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.

Subsequently, Patient Number E00021879 was transferred to the Intensive Care Unit.
