A copy of the Findings of Fact, Conclusions of Law, and Agreed Order dated February 13, 2008, is attached and incorporated, by reference, as part of this Order.
7. On or about January 26, 2009, while employed with Seton Shoal Creek Hospital, Austin, Texas, and participating in the Texas Peer Assistance Program for Nurses (TPAPN), Respondent engaged in the intemperate use of alcohol in that she submitted a specimen for a drug screen which resulted positive for alcohol. 8. On or about February 2, 2009, while employed with Seton Shoal Creek Hospital, Austin, and participating in the Texas Peer Assistance Program for Nurses (TPAPN), Respondent engaged in the intemperate use of alcohol in that she submitted a specimen for a drug screen which resulted positive for alcohol. The use of alcohol by a Registered Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
9. On or about January 26, 2009, and February 2, 2009, while employed with Seton Shoal Creek Hospital, Austin, Respondent became non-compliant with the Agreed Order issued to her by the Texas Board of Nursing on February 13, 2008. Non-compliance is the result of Respondent's failure to comply with all requirements of the Texas Peer Assistance Program for Nurses (TPAPN) contract, in that she engaged in the intemperate use of alcohol as evidenced by her submission of specimens for drug screens which resulted positive for alcohol, as outlined in Findings of Fact Numbers Seven (7) and Eight (8), and her subsequent admission to such intemperate use since November 2008. Stipulation Number Three (3) of the Order dated February 13, 2008, states:

"(3) RESPONDENT SHALL comply with all requirements of the TPAPN contract during its term."
10. On or about July 7, 2009, while employed with Seton Shoal Creek Hospital, Austin, Texas, Respondent incorrectly documented a physician's order for Abilify 5mg in that she wrote the order on the Medication Administration Record (MAR) for Patient Medical Record Number 92404 who was not the correct patient. Respondent's conduct was likely to injure the patient in that subsequent care givers would rely on her documentation to further medicate the patient which could result in the patient suffering from adverse reactions.
11. On or about December 10, 2009, while employed with Seton Shoal Creek Hospital, Austin, Texas, Respondent administered Ativan 2mg IM to Patient Medical Record Number 94208 in a manner inconsistent with physician's order. The physician's order was for "Ativan 2mg IM if CIWA score is 16 or higher and patient cannot tolerate PO med." Respondent administered Ativan 2mg IM at 0800 even though she also administered Librium 75mg PO at 0800. Respondent's conduct was likely to injure the patient in that the administration of Ativan in a manner inconsistent with physician's order could result in the patient suffering from adverse reactions.
12. On or about January 22, 2010, while employed with Seton Shoal Creek Hospital, Austin, Texas, Respondent administered Zyprexa 10mg IM to Patient Medical Record Number 92663 in a manner that was inconsistent with physician's order. The physician's order was for "Zyprexa 10mg IM once a day if patient refuses PO Risperdal." Respondent administered Zyprexa 10mg IM at 0900 even though the dosage was not due until bedtime.

Patient was administered PO Risperdal at 2100 by a care giver on a subsequent shift. In addition, Respondent was not assigned to care for the patient. Respondent's conduct was likely to injure the patient in that the administration of Zyprexa a manner inconsistent with physician's order could result in the patient suffering from adverse reactions.

13. On or about February 3, 2010, while employed with Seton Shoal Creek Hospital, Austin, Texas, Respondent incorrectly documented a physician's order for Lisinopril 10mg in that she wrote the order on the Medication Administration Record (MAR) for Patient Medical Record Number 69657 who was not the correct patient. Respondent's conduct was likely to injure the patient in that subsequent care givers would rely on her documentation to further medicate the patient which could result in the patient suffering from adverse reactions.
14. On or about February 3, 2010, while employed with Seton Shoal Creek Hospital, Austin, Texas, Respondent administered Lisinopril 10mg to Patient Medical Record Number 69657 without a valid physician's order. Respondent's conduct was likely to injure the patient in that the administration of Lisinopril without a valid physician's order could result in the patient suffering from adverse reactions.
15. On or about February 3, 2010, while employed with Seton Shoal Creek Hospital, Austin, Texas, Respondent falsified facility records in that she altered the time of a physician's order for Lisinopril 10mg from 1230 to 1530 on Patient Medical Record Number 92748's chart without authorization. Respondent also falsely documented having completed the patient's chart check at 0800. Respondent's conduct created an inaccurate medical record.
16. On or about February 4, 2010, while employed with Seton Shoal Creek Hospital, Austin, Texas, Respondent falsified facility records in that she documented an unauthorized physician's order to discontinue Lisinopril 10mg on Patient Medical Record Number 69657's chart. Respondent's conduct created an inaccurate medical record.
17. Regarding the conduct outlined in Findings of Fact Numbers Seven (7) through Nine (9), Respondent states that she had a few drinks while off-duty in response to troubles she was then having with her husband. She states that she has ceased drinking and has continued in her recovery program despite being expelled from TPAPN. Respondent states that she is being treated by her psychiatrist for Type II Bipolar Disorder and her illness is well controlled through medication.
18. Formal Charges were filed on May 4, 2009.
19. Formal Charges were mailed to Respondent on May 6, 2009.
20. First Amended Formal Charges were filed on May 11, 2010.
21. First Amended Formal Charges were mailed to Respondent on May 12, 2010.

22. Respondent, by her signature to this Order, expresses her desire to voluntarily surrender her license to practice nursing in the State of Texas.
23. The Board policy implementing Rule 213.29 in effect on the date of this Agreed Order provides discretion by the Executive Director for consideration of conditional reinstatement after proof of twelve (12) consecutive months of abstinence from alcohol and drugs followed by licensure limitations/stipulations and/or peer assistance program participation.
24. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
