BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of Registered Nurse           §        AGREED  
License Number 652938                       §  
issued to DAWN PRATHER                   §        ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DAWN PRATHER, Registered Nurse License Number 652938, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on June 6, 2010, by Katherine A. Thomas, MN, RN, Executive Director.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Diploma in Nursing from Methodist Hospital, Lubbock, Texas, on May 1, 1998. Respondent was licensed to practice professional nursing in the State of Texas on July 7, 1998.
5. Respondent's nursing employment history includes:

6/1998 - 4/1999	Staff Nurse	Seton Hospital Austin, Texas
-----------------	-------------	---------------------------------

Respondent's nursing employment history continued:

4/1999 - 4/2006	Operating Room Director	Healthsouth Austin, Texas
5/2006 - Present	Operating Room Director	North Austin Surgery Center Austin, Texas

6. At the time of the incidents in Findings of Fact Numbers Seven (7) and Nine (9), Respondent was employed as an Operating Room Director with North Austin Surgery Center, Austin, Texas, and had been in this position for one (1) year and ten (10) months.
7. On March 24, 2008, while employed as the Operating Room Director at the North Austin Surgery Center, Austin, Texas, Respondent failed to properly and accurately document the times she was present and caring for Patient's #14252 and #11857, in that Respondent falsely documented being in both patients' rooms simultaneously. Respondent's conduct resulted in inaccurate and misleading medical records for both patients which other caregivers would rely upon to provide further patient care.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that she did not falsify the times on the medical records, and that she used the times from the anesthesia records for the two (2) patients to document the times on the intraoperative record, as is the practice at North Austin Surgery Center, and that she was present at all times during the procedures.
9. On or about March 28, 2008, while employed as an Operating Room Director with North Austin Surgery Center, Austin, Texas, Respondent failed to accurately document her presence in the operating room in the medical records of Patient #5619 in that Respondent failed to note when she was relieved by the Director of Nurses who also signed the patient's operating room record as the Circulating Nurse. Respondent's conduct resulted in an inaccurate and misleading medical record which other caregivers would rely upon to provide further patient care.
10. On or about April 18, 2008, while employed as an Operating Room Director with North Austin Surgery Center, Austin, Texas, Respondent failed to document accurately and completely in the medical record of Patient #14942 in that Respondent is noted as the Circulating nurse, but did not sign the record as required, and did not note that she had been relieved. Also, Respondent inaccurately documented the use of fluoroscopy, which was not utilized when the patient underwent a cystoscopy laser lithotripsy and failed to record the time period of the procedure. Respondent's conduct resulted in an inaccurate and misleading medical record which other caregivers would rely upon to provide further patient care.

11. In response to the incidents in Finding of Fact Number Nine (9), and Number Ten (10) Respondent states she failed to document the times she was relieved, but the patients were attended at all times by a Circulating Nurse. Respondent also states she was not the Circulating Nurse for the cystoscopy procedure and did not document that portion of the medical record.
