

Respondent's nursing employment history continued:

09/1990 - 07/1991	Unknown	
08/1991 - 10/1992	Staff Nurse	Stockton Nursing Home Stockton, Missouri
11/1992 - 04/1993	Staff Nurse	Parkview Health Care Facility Bolivar, Missouri
05/1993 - 06/1994	Staff Nurse	Dallas County Care Center Buffalo, Missouri
07/1994 - 08/1995	Unknown	
09/1995 - 12/1997	Staff Nurse	St. Ann's Nursing Home Panhandle, Texas
01/1998 - 03/1999	Staff Nurse	North Plains Care Center Borger, Texas
04/1999 - Unknown	Staff Nurse	Borger Health Care Center Borger, Texas

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Borger Health Care Center, Borger, Texas, and had been in this position for eight (8) years and three (3) months.
7. On or about July 8, 2007, while employed with Borger Health Care Center, Borger, Texas, Respondent failed to ensure that Resident Number 447163670 received the necessary oxygen which had been ordered by the physician. After the Resident expired, Respondent instructed staff to apply oxygen to said resident. Respondent's conduct was deceptive and was likely to affect the decision of the facility regarding whether or not to retain Respondent as an employee.
8. On or about July 8, 2007, while employed with Borger Health Care Center, Borger, Texas, Respondent failed to initiate Cardiopulmonary Resuscitation when Resident Number 447163670 was found not breathing. Instead, Respondent called the Director of Nursing, who came to the facility and pronounced the resident deceased. Respondent's conduct may have contributed to the resident's demise.
9. In response to the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Respondent states that this resident was new to the facility and had been admitted to the facility while Respondent was off work for a couple of days. Respondent indicates that she was unaware the resident required oxygen, as the resident did not have oxygen on when

Respondent arrived for work, and she was not told in report that the resident wore oxygen. When the resident was found without vital signs, Respondent had to go to the nurses' desk to find out if the resident was a Do Not Resuscitate (DNR). Respondent had the oxygen put on the resident after she was deceased because Respondent was "taught in nursing school do not remove anything until after they are pronounced dead." Respondent states she was not trying to cover up anything she did.
