3/1996 - 6/1996		Unknown

8/2007 - 4/2008	Staff Nurse	Visiting Nurses Association Fort Worth, Texas
5/2008 - Present	Staff Nurse	Alpha Omega Hospice Hurst, Texas

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Visiting Nurses Association, Dallas, Texas, and had been in this position for seven (7) months.
7. On or about March 31, 2008, while employed as a Staff Nurse with Visiting Nurses Association, Dallas, Texas, Respondent failed to correctly fill the medication box for Client Number M30. Because Respondent based filling the medication box on the prescription bottles, rather than the current physician's orders, the client received Coumadin 7 mg (1mg in the morning and 6 mg in the evening), instead of only Coumadin 6 mg, as ordered. The error was discovered by another nurse the next day and corrected. Respondent's conduct was likely to injure the client from adverse reactions to Coumadin overdose, including possible hemorrhage.

8. On or about April 1, 2008, while employed as a Staff Nurse with Visiting Nurse Association, Dallas, Texas, Respondent failed to correctly fill the medication box for Client Number 5718, which resulted in the client's medication box being stocked with two (2) times the ordered dose of Lasix. Because Respondent based filling the medication box on the prescription bottles, rather than the current physician's orders, the client could have received Lasix 80 mg twice daily, instead of Lasix 40 mg twice daily, as ordered. Another nurse noticed and corrected the error prior to the client taking the medication. Respondent's conduct was likely to injure the client from adverse reactions to Lasix overdose, including dehydration and fluid and electrolyte imbalances.
9. In response to the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Respondent admits to the mistakes, stating that she was neither trained in departmental instructions nor provided with current files to complete her tasks.
