BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 220517 §
issued to JANET FUNMILAYO ELELU § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Bo considered the matter of JANET FUNMILAYO ELELU, Vocational Nurse License Number 220: hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on May 31, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

- 1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
- 2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
- 3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
- 4. Respondent received a Certificate in Practical Nursing from Galen Health Institute, Louisville, Kentucky, on April 1, 2008. Respondent was licensed to practice practical nursing in the State of Kentucky on July 9, 2008, and was licensed to practice vocational nursing in the State of Texas on February 12, 2009.
- 5. Respondent's nursing employment history includes:

5/2008-8/2008	LVN	Kindred Health Care Louisville, Kentucky
8/2008-12/2008	LVN	Desoto Nursing Desoto, Texas

Respondent's nursing employment history continued:

1/2009-2/2009	LVN	Arbrook Plaza Nursing and Rehabilitation Arlington, Texas
3/2009-Present	Unknown	

6. At the time of the initial incident, Respondent was employed as a LVN with Arbrook Plaza Nursing and Rehabilitation, Arlington, Texas, and had been in this position for approximately fifteen (15) days.
7. On or about February 7, 2009, while employed with Arbrook Plaza Nursing and Rehabilitation, Arlington, Texas, Respondent failed to take the steps necessary to obtain and administer medications to Patient Number 28356, who had recently undergone a femoral fracture repair. Some of the ordered medications (not including the ordered anticoagulant) were available in the facility's emergency medication box (E-Kit), which the Respondent did not access. Respondent did not notify the patient's physician of the delay in obtaining the medications and that the anticoagulant ordered was not available from the emergency medication box. By the time the pharmacy delivered the medications the patient was found to be unresponsive and required emergency transport to the hospital where the patient later died. The failure to administer medications as ordered by the physician could have resulted in non-efficacious treatment and contributed to the patient's demise.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that this was the first shift she had worked following orientation and she was assigned to a unit on which she had received no orientation. When she arrived for her shift, she received report from the night shift nurse who told Respondent that the medications for the newly admitted patient had been faxed to the pharmacy the evening before by that shift's nurse. Later in the morning, the medication aid informed her that the medications for the new admit were not on the medication cart. Respondent states she went to the medication cart and checked for the medications, and when she also did not find them, she went to another nurse and asked when the medications would arrive from the pharmacy and was told delivery would take place between 1:00 p.m. and 2:00 p.m. Respondent states she assessed the patient at 8:00 a.m. and found her to be alert and oriented with a normal blood pressure. Respondent assessed the patient again at noon and found no changes and the patient was eating lunch and talking with her roommate. Respondent states that when the patient's medications arrived at 2:00 p.m. she began verifying them; however, at 2:50 p.m., the nurse aid alerted her to the patient's room and when Respondent arrived, Respondent found the patient unresponsive. Respondent states, after a brief assessment of the patient, 911 was called and the patient was transported to the emergency room. Respondent states she was not oriented to the E-Kit during her orientation and that some of the medications ordered for the patient were not available in the E-Kit according to the master list.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(A),(1)(B),(1)(C),(1)(G), (1)(M),(1)(T)&(2)(A) and 217.12(1)(A),(1)(E)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 220517, heretofore issued to JANET FUNMILAYO ELELU, including revocation of Respondent's license to practice vocational nursing in the State of Texas.
