In the Matter of Vocational Nurse           §     AGREED  
License Number 142050                       §  
issued to MARIA DE JESUS ALFARO       §     ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of MARIA DE JESUS ALFARO, Vocational Nurse License Number 142050, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on July 4, 2010, by Katherine A. Thomas, MN, RN, Executive Director.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to vocational nursing in the State of Texas.
4. Respondent received a Certificate in Practical Nursing from Clovis Community College, Clovis, New Mexico, on May 9, 1991. Respondent was licensed to practice vocational nursing in the State of Texas on May 25, 1993.
5. Respondent's vocational nursing employment history includes:

1993 - 1999	Staff Nurse	Muleshoe Area Home Health Muleshoe, Texas
-------------	-------------	----------------------------------------------

Respondent's vocational nursing employment history continued:

4/96 - 8/00	Staff Nurse	Park View Nursing Care Center Muleshoe, Texas
9/00 - Present	Office Nurse	Dr. Jobey Claburn Muleshoe, Texas
5/07 - 11/07	Charge Nurse Part-Time	Park View Nursing Care Center Muleshoe, Texas

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a Charge Nurse, Part-Time, with Park View Nursing Care Center, Muleshoe, Texas, and had been in this position for six (6) months.
7. On or about November 16, 2007 through November 17, 2007, while employed as a Charge Nurse, Part-Time, with Park View Nursing Care Center, Muleshoe, Texas, Respondent failed to accurately assess and timely intervene when Patient Medical Record Number 069 was experiencing significant changes in his condition which included signs of pain and agitation. Respondent did assess the patient's vital signs, which revealed an elevated temperature of 103 and a Tylenol Suppository was administered. However, Respondent failed to recognize that the patient's elevated pulse rate (148) and the elevated respiratory rate (40) were signs of pain and agitation. Furthermore, Respondent failed to notify the Hospice Nurse of the patient's change in condition. Respondent's conduct delayed medical interventions needed to relieve the patient's pain and agitation.
8. On or about November 16, 2007 through November 17, 2007, while employed as a Charge Nurse, part-time, with Park View Nursing Care Center, Muleshoe, Texas, Respondent failed administer and/or document administration of medications to the patients, as follows:

DATE	PATIENT	PHYSICIAN'S ORDERS	MEDICATION ADMINISTRATION RECORDS	DOCUMENTATION
11/16/07	069	Morphine Elixir (20mg/ml) give 2 mg PO/SL every 4 hours scheduled	Doses due at 2400 and 0400	No documentation that medication was given on MAR or Nurses Notes.
11/6/07	001	Vancomycin 500 mg i PO every 6 hours x 10 days.	Doses due at 2400 and 0600	Medication is initialed as being administered then circled.
11/8/07	"	Ativan 0.5 mg PO every 6 hours scheduled	Doses due at 2400 and 0600	No documentation on MAR that medication was administered or held.

Respondent's conduct resulted in an inaccurate, incomplete medical record, and as was likely to injure the patients in that subsequent care givers would rely on her documentation in order to provide further patient care.

9. In response to the incidents in Findings of Fact Numbers Seven (7) and Eight (8), Respondent states that on November 16, 2007, she was the only licensed personnel on duty. Only two (2) of the three (3) nurses aides scheduled actually reported to provide care for the fifty (50) patients at this facility. Respondent asserts that she properly assessed and attended to Patient Medical Record Number 069 as reflected by her notation that he was running an elevated temperature and that she administered a Tylenol Suppository. Respondent admits that she did not administer oral medications, including the Morphine Elixir, because he was experiencing difficulty swallowing and there was the potential for aspiration. Respondent denies the allegations. Respondent denies that she failed to administer medications to Patient Medical Record Number 001 stating that she had always been very diligent to properly initial the Resident's Medication Administration Record (MAR); however, on this date, with the short-handed staff, she was not able to properly document the MAR.
