Attention: Katherine Thomas MN, RN, Director
and all esteemed board members,

I, Claudia Shelta Moore, RN license # 689079, on this date April 19, 2010 @ 0908, voluntarily surrender my license. I have been an RN since 2005. I love my career, nursing and all aspects of it. I have always been a nurse, before I got a license as per the true definition of the word; loving, caring, healing and compassionate for all of those in need or injured. I know I have touched, saved and made a difference for anyone in care, as well as their families. I never received a patient complaint.

I can not financially continue to do TPAPN. It's really sad when a really good nurse can't stand and fight, due to financial and other personal difficulties. I have a heart condition, and have had several angina attacks, since being on TPAPN only a few weeks. I will always care for the sick, injured, broken, beaten or depressed, if I'm needed.

I want to voluntarily surrender my license, because my life will not be taken, who I am can not be taken. I want NO disciplinary action against my name, please allow me to walk away with peace, while my dignity and integrity are still intact.
