BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 698813 and §
Vocational Nurse License Number 172143 §
issued to JANICE GREEN McCARTHY § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of JANICE GREEN McCARTHY, Registered Nurse License Number 698813 and Vocational Nurse License Number 172143, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on April 14, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the licenses.
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas. Respondent's license to practice vocational nursing in the State of Texas is currently in "delinquent" status.
4. Respondent received a Certificate in Vocational Nursing from Frank Phillips College, Borger, Texas, on May 17, 1999, and received an Associate Degree in Nursing from Amarillo College, Amarillo, Texas, on May 14, 2003. Respondent was licensed to practice vocational nursing in the State of Texas on June 24, 1999, and was licensed to practice professional nursing in the State of Texas on July 22, 2003.
5. Respondent's nursing employment history includes:

1999 - 2002	Charge Nurse	Pampa Nursing Center Pampa, Texas
-------------	--------------	--------------------------------------

Respondent's nursing employment history continued:

2002 - 2003	Charge Nurse	Coronado Healthcare Center Pampa, Texas
2003 - Unknown	Charge Nurse	Pampa Regional Medical Center Pampa, Texas
11/2007 - 1/2009	Director of Nurses	Coronado Healthcare Center Pampa, Texas
2/2009 - Present	Unknown	

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as the Director of Nurses with Coronado Healthcare Center, Pampa, Texas, and had been in this position for seven (7) months.
7. On or about June 24, 2008, through July 3, 2008, while employed as the Director of Nurses (DON) with Coronado Healthcare Center, Pampa, Texas, Respondent failed to ensure that a urine specimen was obtained for a urinalysis ordered by the physician for Resident WP upon his admission to the facility. Additionally, Respondent failed to ensure that the physician was timely notified when the nurses were unable to obtain a urine sample from the resident, and to notify the physician that the nurses were unable to obtain a urine sample via straight catheterization, after the order was received for same on June 26, 2008. The resident was emergently transferred to the hospital on July 3, 2008, for treatment of a critically high fever and respiratory distress and it was revealed that the resident was septic secondary to a urinary tract infection. The resident subsequently expired at the hospital a week later. Respondent's conduct may have contributed to the resident's demise.
8. In response the incident in Finding of Fact Number Seven (7), Respondent admits that as the DON, she should have been more aware of the issues at hand, and that, had she been made aware of the issues she would have been more diligent in checking on this resident and making sure he received the ordered tests. Respondent explains that as the DON, she relied on the Charge Nurses to implement physician's orders for labs and to notify physicians of the results of ordered tests. According to Respondent, the Charge Nurses should have notified the Assistant Director Nurses (ADON), herself, and the physician if a problem occurred, and that because this was not done, she was not aware of the problem in obtaining the urine specimen. Respondent states that, following this incident, the facility developed a policy to prevent this type of occurrence from happening again in which all labs are now channeled through the DON and the lab book is reviewed to ensure that ordered labs are being processed and that each physician is being notified of the status of their orders.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(A),(1)(B),(1)(P)&(1)(U) and 217.12(1)(A),(1)(B),(2)&(4).
4.
