Unknown

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse with Green Oaks Hospital, Dallas, Texas, and had been in this position for an unknown period of time.
7. On or about July 22, 2007, while employed with Green Oaks Hospital, Dallas, Texas, and while caring for Patient MR# BA00811397, Respondent failed to call a "Code Blue" and then initiate Cardiopulmonary Resuscitation (CPR) in a timely manner when said Patient was found unresponsive. Instead, Respondent personally attempted to recruit assistance from staff members, prior to returning to the patient. Respondent's failure may have denied patient MR# BA00811397 of timely and adequate emergency medical interventions that may have prevented the patient's demise.
8. In response to Finding of Fact Number Seven (7), Respondent states that difficulty waking up Patient MR# BA00811397 did not concern her since said patient was known to be a heavy sleeper. Respondent states that she needed assistance turning the patient onto her back due to her large size and weight. Respondent adds that with the assistance of a technician, and during the turning process, it was noted that the patient was not breathing. Respondent states that she had another nurse assist her with CPR, while the technician fetched equipment. Respondent states that very shortly afterward, the Nursing Supervisor and a physician were in the room assisting until EMS arrived.
