On or about April 17, 2008, Cause No. 21993 was dismissed in the County Court of Callahan County, Texas, for the reason: "Public Intoxication - For plea to other case."

On or about February 25, 2008, Respondent entered a plea of Guilty and was convicted of PUBLIC INTOXICATION (a Class C misdemeanor offense committed on February 5, 2008), in the Municipal Court, City of Clyde, Callahan County, Texas, under Cause No. 08-004901. 13. In response to Finding of Fact Number Twelve (12), Respondent states that on October 21, 2008, she was charged with DUI. On that evening, she was with her boyfriend at a party celebrating a friend's birthday. She was there approximately 2 hours in which time she had a few drinks, but she was not driving, so she was not concerned. Her plans were to spend the night at her boyfriend's house. On the way to his house they began to argue. When they arrived at his house, she took an over the counter sleep aid and decided to sleep on the couch. Her boyfriend continued to argue and after about 30 minutes he told her she needed to leave his house. She had no way of calling a friend or a taxi, so she got in her car and started home. By this time, the sleeping aid had begun to take effect. She states she was more under the influence of the sleep aid than the alcohol. In hindsight, she believes it would have been wiser to have just slept in the car, but she was afraid and very upset, and wanted to get away from a potentially volatile situation and just go home. She is ashamed of the situation she put herself in and she knows she used poor judgment. She feels that this incident is separate from her nursing. She never drank on the job nor has she done anything else that would impair her ability or judgment as a nurse. She currently attends at least one AA meeting per week, sometime more if needed. She checks in with her probation officer twice a week for scam device monitoring. She has not yet completed community service of 50 hours, but will do so within the twelve months as ordered.
14. Respondent, by her signature to this Order, expresses her desire to voluntarily surrender her license to practice nursing in the State of Texas.
15. The Board policy implementing Rule 213.29 in effect on the date of this Agreed Order provides discretion by the Executive Director for consideration of conditional reinstatement after proof of twelve (12) consecutive months of abstinence from alcohol and drugs followed by licensure limitations/stipulations and/or peer assistance program participation.
16. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
