Michelle Thomas
Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 602985 §
issued to NWAEJU O. NJIE § ORDER

An investigation by the Texas Board of Nursing, hereinafter referred to as the Board, produced evidence indicating that NWAEJU O. NJIE, hereinafter referred to as Respondent, Registered Nurse License Number 602985, may have violated Section 301.452(b)(10)&(13), Texas Occupations Code.

An informal conference was held on April 7, 2009, at the office of the Texas Board of Nursing, in accordance with Section 301.464 of the Texas Occupations Code.

Respondent appeared in person. Respondent was represented by Christopher Malish, Attorney at Law. In attendance were Denise Benbow, MSN, RN, Nurse Consultant, Executive Director's Designee; John F. Legris, Assistant General Counsel; Anthony L. Diggs, MSCJ, Director, Enforcement Division; Amy Grissom, RN, Investigator; and Skylar Caddell, RN-BC, Lead Investigator.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived notice and hearing, and consented to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Lagos University, Lagos, Nigeria, on July 1, 1975. Respondent was licensed to practice professional nursing in the State of Texas on April 15, 1994.

5. Respondent's nursing employment history includes:

4/1994 - 10/1994	Not employed in nursing	
11/1994 - 5/1997	Charge Nurse	Highland Hills Nursing Center Austin, Texas
1/1997 - 4/1998	Manager	Rosy Home Health Austin, Texas
8/1997 - 10/1998	Assistant Director of Nursing	First Care Home Health Austin, Texas
10/1998 - 3/2005	Staff RN Med/Surg Unit	Seton Medical Center Austin, Texas
3/2005 - 4/2007	Staff Nurse	North Austin Medical Center Austin, Texas
5/2007 - 1/2008	Staff Nurse	Austin State Hospital Austin, Texas
Unknown - Present	Home Health Nurse	FC Home Health Agency Austin, Texas

6. On or about November 13, 2007, Respondent's license to practice professional nursing in the State of Texas was issued the sanction of Warning with Stipulations through an Agreed Order by the Board. A copy of the Agreed Order, Findings of Fact, Conclusions of Law, and Order, dated November 13, 2007, is attached and incorporated herein as part of this Order.
7. On or about April 5, 2007, while applying for employment with Austin State Hospital, Austin, Texas, Respondent failed to truthfully indicate her reason for leaving employment with Seton Network, Austin, Texas. Although Respondent indicated that her reason for leaving Seton Network, Austin, Texas, was "to try another job," Respondent's employment with Seton Network, Austin, Texas, had been terminated on March 7, 2005, for "Careless or negligent performance." Respondent's conduct may have been deceptive and may have affected the facility's decision regarding her employment.
8. At the time of the incident in Finding of Fact Number Nine (9), Respondent was employed as a Staff Nurse with Austin State Hospital, Austin, Texas, and had been in this position for five (5) months.

9. On or about December 21, 2007, while employed with Austin State Hospital, Austin, Texas, Respondent failed to adequately assess and possibly intervene after becoming aware that Patient Number 237309 was no longer able to ambulate independently. When asked during morning report for the patient's vital signs, Respondent first reported that no vital signs had been taken, then after being asked again, mistakenly reported the vital signs of another patient as those of Patient Number 237309. Patient Number 237309 had no vital signs taken or recorded at that time, and was shortly thereafter evaluated by a physician, who ordered that the patient be transferred to an acute care facility in order to rule out the possibility that the patient may have suffered a stroke. Upon evaluation at the acute care facility's emergency department, it was determined that the patient had developed mental decline and weakness over the previous three (3) days due to neurosyphilis. Respondent's conduct was likely to injure the patient from progression of undetected clinical conditions.
10. On or about January 12, 2008, Respondent successfully completed a Board approved class in Texas Nursing Jurisprudence, which would have been a requirement of this Order.
11. Formal Charges were filed on October 9, 2008.
12. Formal Charges were mailed to Respondent on October 10, 2008.
13. In response to the incidents in Findings of Fact Numbers Seven (7) and Nine (9), Respondent states that, regarding her employment with Seton Network, Austin, Texas, from her perspective she was wrongfully made to leave her position, for wrongly alleged faults that, even were they true and accurate, were overlooked in her colleagues. Respondent indicates that she did not in truth separate from her prior employment for the reasons stated by her former employer, and in order to avoid a "he said/she said," Respondent answered the question on her application with Austin State Hospital more diplomatically. Regarding Patient Number 237309, Respondent states that she was sitting at the nurse's station preparing the report for the team when a Psychiatric Nurse Aid (PNA) reported that the patient couldn't walk. Respondent left the station to help the patient and asked the PNA if the patient had fallen. When the PNA answered, "no," Respondent asked what *had* happened, but the PNA said he didn't know and stated that he had helped the patient walk to the dining room for breakfast. Upon arriving at the dining room, Respondent noted that the patient was feeding himself and he refused to answer her questions. Respondent decided not to interrupt the patient's meal to perform a more complete assessment because of the patient's known intransigence and likelihood of physical resistance. Respondent told the PNA to notify her when the patient finished eating, and to prevent a fall, to stay by the patient and use a wheel chair if necessary. Respondent indicates that she went back to give report, and when she read to the team that the patient couldn't walk, she was asked for more information and admitted that she didn't know, as it was what the PNA stated and that the patient was in the dining room eating. When asked for vital signs, Respondent looked at the morning list, and one of the PNAs gave her the vital sign information; however, when she looked at the list, she discovered it was a wrong name. So the supervisor asked Respondent to check the patient's

vital signs after giving report. After report, Respondent checked the patient's vital signs and the physician evaluated the patient and decided to send him out to rule out the possibility of stroke. Respondent states that she's not sure what else should have been done under the circumstances, and did not at the time believe the situation involved an "acute change of condition," an impression subsequently borne out by the workup at the acute care hospital. Respondent concludes, stating a belief that the incident was trumped up to serve as an excuse or justification for getting rid of her, which they wished to do because of the previous Board Order and because of her having taken time off in December 2007 through January 2008 to attend the overseas funeral of her mother.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.455, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(A),(1)(B),(1)(D), (1)(M)&(3)(A) and 217.12(1)(A),(4),(6)(A),(6)(H)&(6)(I).

**BEFORE THE BOARD OF NURSE EXAMINERS
FOR THE STATE OF TEXAS**

In the Matter of	§	AGREED
Registered Nurse License Number 602985	§	
issued to NWAEMU O. NJIE	§	ORDER

An investigation by the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, produced evidence indicating that NWAEMU O. NJIE, hereinafter referred to as Respondent, Registered Nurse License Number 602985, may have violated Section 301.452(b)(10)&(13), Texas Occupations Code.

An informal conference was held on March 27, 2007, at the office of the Board of Nurse Examiners, in accordance with Section 301.464 of the Texas Occupations Code.

Respondent appeared in person. Respondent was represented by Christopher Malish, Attorney at Law. In attendance were Katherine A. Thomas, MN, RN, Executive Director; Victoria Cox, Assistant General Counsel; Anthony L. Diggs, MSCJ, Director, Enforcement Division; Virginia Ayars, BSN, RN, Education Nurse Consultant; Jason Bressie, Investigator; William Shanafelt, Investigator; and Christi Horton, RN, Investigator.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived notice and hearing, and consented to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Lagos University, Lagos, Nigeria, on July 1, 1975. Respondent was licensed to practice professional nursing in the State of Texas on April 15, 1994.

5. Respondent's professional nursing employment history includes:

04/1994 - 07/1997	Charge Nurse	Highland Hills Nursing Ctr. Austin, Texas
08/1997 - 10/1998	Assistant Director of Nursing	First Care Home Health Austin, Texas
10/1998 - 03/2005	Staff RN Med/Surg Unit	Seton Medical Center Austin, Texas
03/2005 - Present	Staff Nurse	North Austin Medical Center Austin, Texas

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff RN with Seton Medical Center, Austin, Texas, and had been in this position for five (5) years and nine (9) months.
7. On or about July 19, 2004, while employed as a Staff RN in the Med/Surg Unit with Seton Healthcare Network, Austin, Texas, Respondent failed to administer "*Potassium Chloride 20 milliequivalent in 100 milliliters of Normal Saline to be given intravenously over two hours time, dose to be repeated one time*" to Patient Number 190170, as ordered by the physician. Respondent's conduct was likely to injure the patient in that failure to administer medication to correct an electrolyte imbalance could have subjected the patient to a risk of arrhythmia, cardiac arrest and/or respiratory paralysis.
8. On or about October 19, 2004, while employed as a Staff RN in the Med/Surg Unit with Seton Healthcare Network, Austin, Texas, Respondent failed to obtain a wound culture of the Stage IV decubitus ulcer to the coccyx of Patient Number 5027553, as ordered by the physician. Respondent's conduct was likely to injure the patient from complications due to delayed treatment of the patient's wound, including worsening of the wound, systemic infection and possible demise.
9. On or about February 28, 2005, while employed as a Staff RN in the Med/Surg Unit with Seton Healthcare Network, Austin, Texas, Respondent failed to ensure a Computerized Tomography Scan was obtained of, and that the pre-surgical medications were administered to, Patient Number 552089 in preparation for surgery, as ordered by the physician. As a result, other required pre-surgical tests were also delayed. Respondent's conduct was likely to injure the patient due to delayed treatment of the patient's disease process.

10. On or about February 28, 2005, while employed as a Staff RN in the Med/Surg Unit with Seton Healthcare Network, Austin, Texas, Respondent falsely documented that she verified the home medication orders of the aforementioned Patient Number 552089 with the physician, as required by the facility's policy, and then documented them on the patient's Medication Administration Record as the patient's scheduled medications. As a result, Respondent scheduled the patient to receive Coumadin, an anticoagulant, the evening before the patient was scheduled for surgery; however, shortly before the Coumadin was to be administered, the physician discovered the errors. Coumadin should not be administered before surgery because it significantly increases the risk of hemorrhage. Respondent's conduct resulted in an inaccurate record and was likely to injure the patient from significant risk of surgical hemorrhage, including possible demise, had the Coumadin actually been administered.
11. In response to the incidents in Findings of Fact Numbers Seven (7) through Ten (10), Respondent states she is regretful of the occurrences and has implemented changes in the procedures she follows at the end of every shift to ensure it never happens again. She states she has learned from these incidents and intends to do everything in her power to ensure they are not repeated.
12. The Board finds that Respondent has shown improvement in performance as reflected in her recent evaluations, and has been consistently described as a "Contributor" to her units. Respondent's current evaluation includes comments from her direct supervisor which indicate that Respondent has grown over the last couple of years and that she is organized and punctual with an excellent attendance record.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.455, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(3), 217.11(1)(C) &(1)(D)[*effect. 9/28/04*] and 217.12(1)(B),(4)&(6)(A)[*effect. 9/28/04*].
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 602985, heretofore issued to NWAEMU O. NJIE, including revocation of Respondent's license to practice professional nursing in the State of Texas.
