**BEFORE THE BOARD OF NURSE EXAMINERS  
FOR THE STATE OF TEXAS**

\*\*\*\*\*

In the Matter of Registered Nurse License           §     AGREED  
Number 643468 issued to ERIN ELY COX           §     ORDER

On this day the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, considered the matter of ERIN ELY COX, Registered Nurse License Number 643468, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10), Texas Occupations Code. Respondent waived informal conference, notice and hearing, and agreed to the entry of this Order offered on April 19, 2005, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

**FINDINGS OF FACT**

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from Louisiana on May 1, 1992. Respondent originally became licensed to practice professional nursing in the State of Texas on July 17, 1997. Respondent received a Masters Degree in Nursing from the University of Texas on May 5, 2000.
5. On October 24, 2000, Respondent was authorized to practice as a Family Nurse Practitioner by the Board of Nurse Examiners for the State of Texas. Respondent was granted prescriptive authority on January 29, 2001.
6. Respondent's complete professional nursing employment history is unknown.

7. At the time of the initial incident, Respondent was employed as an Advanced Practice Nurse with HealthEssentials Solutions, Inc., Louisville, Kentucky.
8. On or about July 14, 2004, while employed with HealthEssentials Solutions, Inc., Louisville, Kentucky, and on assignment in Dallas, Texas, Respondent passed or attempted to pass a fraudulent, unauthorized prescription for Hydrocodone at Eckerd's Pharmacy, Dallas, Texas. Respondent's conduct was likely to deceive the pharmacy and possession of Hydrocodone through the use of a fraudulent prescription is prohibited by Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
9. On August 11, 2005, Respondent underwent a forensic psychological examination conducted by Dr. John Lehman, Ph.D. Dr. Lehman stated the following, "1. Ms. Cox does not appear to have a chemical dependency or chemical abuse problem. 2. From a psychological standpoint she is fit to practice nursing. The TBNE will have to decide the legal/ethical issue of her writing the narcotic prescription for herself, but does not appear motivated by a substance abuse problem. Additional training is certainly called for in the area of jurisprudence, at the least. 3. Ms. Cox does have a diagnosable generalized anxiety disorder and ADHD. These are currently being treated with medication. She has had recent counseling, but due to the impending divorce she has not been able to afford the counseling since May. She plans to go back shortly. This is strongly recommended. I do not believe that her problems with these disorders will impair her ability to function as a nurse in any appreciable way. She has had these problems all of her life and she has functioned well in school and as a nurse in spite of them for many years. 4. I am uncomfortable seeing anyone on long-term, daily use of benzodiazepines, even when taking them as prescribed because of their addictive nature. I recommended to her she consult with her physician about alternatives to ongoing use of diazepam."
10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

#### CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(21).

4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 643468, heretofore issued to ERIN ELY COX, including revocation of Respondent's license to practice professional nursing in the State of Texas.
