In the Matter of Registered Nurse           §       AGREED  
License Number 763400                       §  
issued to MARIAN YAMBAO QUINTO       §       ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the B considered the matter of MARIAN YAMBAO QUINTO, Registered Nurse License Nu 763400, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on March 15, 2010, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from Dr. Carlos S. Lanting College, Quezon City, Phillipines on October 3, 2005. Respondent was licensed to practice professional nursing in the State of Texas on December 30, 2008.
5. Respondent's nursing employment history includes:  
  
10/2005 - 12/2005     Unknown

Respondent's nursing employment history continued:

1/2006 - 10/2007	Staff Nurse	Sto. Nino Hospital Bulacan, Phillippines
11/2007 - 7/2008	Unknown	
8/2008 - Present	Staff Nurse	Edinburg Regional Medical Center/McAllen Medical Center Edinburg, Texas

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse with McAllen Medical Center, McAllen, Texas, and had been in this position for five (5) months.
7. On or about January 21, 2009, while employed as a Staff Nurse with McAllen Medical Center, Respondent administered "Toradol 45mg" intravenously (IV) to Infant Patient MR#508805, a thirteen-month-old infant who was status post-operative appendectomy, instead of "Toradol 0.5mg/kg (4.5mg)" IV, as ordered by the physician. Consequently, Infant Patient MR#508805 required transfer to the Pediatric Intensive Care Unit where the infant underwent a blood transfusion. Respondent's conduct was likely to cause injury to the patient in that an excessive amount of Toradol can lead to hypertension, renal failure, decreased platelet adhesion, prolonged bleeding time, and may have contributed to the infant experiencing post operative bleeding.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that when she discovered the Toradol had not been given by the day shift, she hurriedly calculated the dosage, checked the calculation, went to the patients' room and administered the Toradol. Respondent states it was later when she administered Toradol to an older patient she realized she had administered an excess amount to the infant and she informed the Charge Nurse immediately. Respondent states she and the Charge Nurse assessed the infant, called the house supervisor and the physician, and transferred the patient to the Pediatric Intensive Care Unit.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(B)&(1)(C) and 217.12(1)(B)&(4).
