

Respondent's vocational nursing employment history continued:

04/1998 - 11/2001	Vocational Staff Nurse	Marcy House Assisted Living Big Spring, Texas
12/2001 - 07/2005	Not employed in nursing	
08/2005 - Unknown	Vocational Staff Nurse	Big Spring State Hospital Big Spring, Texas

6. At the time of the initial incident, Respondent was employed as a Vocational Staff Nurse with Big Spring State Hospital, Big Spring, Texas, and had been in this position for two (2) years and ten (10) months.
7. On or about June 2008 to May 2009, while employed as an Vocational Staff Nurse at Big Spring State Hospital, Big Spring, Texas, Respondent failed to implement medication orders and document administration of medications to multiple patients. Respondent's conduct resulted in inaccurate medical records and exposed the patients unnecessarily to a risk of harm from failure to implement medication orders which could lead to non-efficacious treatment. In addition, subsequent care givers would have relied on her documentation to make patient care decisions.
8. On or about April 23, 2009, while employed as a Vocational Staff Nurse at Big Spring State Hospital, Big Spring, Texas, Respondent failed to implement a physician's order for Patient Medical Record Number 36569 to not bear weight until a fracture to the patient's right ankle could be ruled out. Respondent's conduct resulted in non-efficacious treatment and may have contributed to the patient suffering increased pain and injury.
9. On or about May 2, 2009, while employed as a Vocational Staff Nurse at Big Spring State Hospital, Big Spring, Texas, Respondent failed to implement a physician's order for Patient Medical Record Number 151613 to have an electrocardiogram to be done STAT as soon as possible. Respondent's conduct resulted in non-efficacious treatment.
10. In response to the incidents in Findings of Fact Numbers Seven (7) through Nine (9), Respondent states that she has no excuses for the medication errors and that, regarding the non-weight bearing order, she admits that she failed to follow through with the order, citing a breakdown in staff communications. Regarding the electrocardiogram, Respondent states that it was the facility's policy to have all STAT orders completed by the supervisor stationed at admission and prior to transfer, and as a result, she assumed it had been done.
