In the Matter of Vocational Nurse                   §     AGREED  
License Number 53480                                   §  
issued to MARTHA McELFRESH                   §     ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of MARTHA McELFRESH, Vocational Nurse License Number 53480, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on February 10, 2008, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Grant-Buie Hospital, Hillsboro, Texas, on September 7, 1970. Respondent was licensed to practice vocational nursing in the State of Texas on October 18, 1972.
5. Respondent's vocational nursing employment history includes:

10/1972 - 10/2002	Unknown	
11/2002 - 6/2003	Staff Nurse	Park Plaza Nursing Home Whitney, Texas

Respondent's vocational nursing employment history continued:

02/2003 - Present	Charge Nurse	Crestview Healthcare Residence Waco, Texas
-------------------	--------------	---

6. At the time of the initial incident, Respondent was employed as a Charge Nurse with Crestview Healthcare Residence, Waco, Texas, and had been in this position for four (4) years and four (4) months.
7. On or about June 3, 2007, through June 11, 2007, while employed as a Charge Nurse with Crestview Healthcare Residence, Waco, Texas, Respondent failed to appropriately and timely assess and intervene regarding the change in condition of Resident JM. On June 3, 2007, Respondent was informed by a Certified Nurse Aide (CNA) that the resident seemed to be in pain when her right arm was touched and suggested that the resident's arm be x-rayed. The following day a Staff Nurse reported to Respondent that the resident seemed to be "guarding" her right arm and "yelled out" when her arm was touched, and suggested that Respondent phone the physician and "ask about x-rays." Respondent waited until June 6, 2007, to notify the physician about the resident's change of condition, at which time she sent a facsimile requesting that the resident be evaluated and treated by Physical Therapy (PT) and Occupational Therapy (OT) regarding pain when she moved her extremities, stating that she had spoken with the resident's daughter who approved the request. Respondent neither accurately conveyed the resident's condition to the physician nor requested an order for an x-ray. Respondent was again informed by staff on two consecutive days that the resident continued to experience right arm pain, and on June 9, 2007, a CNA showed Respondent that the resident's arm was swollen and bruised. Respondent then sent a facsimile to the physician on June 12, 2007, nine (9) days after she was made aware of resident's arm pain, notifying the physician of the resident's arm pain and requesting an order to obtain an x-ray of the arm. The x-ray revealed that the resident had sustained and was suffering from a fracture of her right arm. Additionally, Respondent failed to medicate the resident for pain, even though the resident had orders for three different pain medications. Respondent's conduct was neglectful, exposed the patient to the risk of harm from complications of an untreated arm fracture, including neurological damage, caused the resident to suffer untreated pain, and resulted in an unnecessary delay of medical intervention.
8. On or about June 3, 2007, through June 11, 2007, while employed as a Charge Nurse with Crestview Healthcare Residence, Waco, Texas, Respondent failed to appropriately and completely document in the medical record of the aforementioned Resident JM. Although Respondent states that she assessed the resident's arm when she was informed that the resident was indicating pain, she failed to document her assessment. Respondent also failed to document when other staff reported that the resident was having arm pain, her observation that the resident's arm was bruised and swollen, or regarding the resident's behavior changes. Respondent's only documentation concerning the resident's change of condition was on June 6, 2007, which reflected that she sent a facsimile to the physician. Respondent's conduct resulted in an incomplete medical record.

9. In response to the incident in Finding of Fact Number Seven (7), Respondent states that there were no "acceptable reasons" for her behavior; however, she was "going through a lot of personal tragedies" at the time and wasn't focusing on her job fully until her Director of Nursing "addressed this matter" with her, which she described as "a disaster" to her. Respondent states that when she was told her by another nurse that the resident was having arm pain and suggested that Respondent get an x-ray of the resident's arm, Respondent "did go over and raise the resident's arm and the resident did display pain." Respondent explains that the resident had been holding her arms close to her body for some time and was having to be spoon fed. Respondent states that she talked with the resident's daughter about getting PT/OT to evaluate and treat the resident and that she obtained an order from the physician for same. Respondent states that she did not work the next two days and when she returned to work on Saturday, the same nurse asked if Respondent had obtained orders for x-rays because the resident had "a lot" of pain the day before. Respondent states that she intended to obtain an order for x-rays on the following Monday but failed to do so until Tuesday.

#### CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(A),(1)(B),(1)(C), (1)(D),(1)(M),(1)(P)&(2)(A) and 217.12(1)(A),(1)(B),(4)&(6)(C).
