Katherine A. Thomas
Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 667794 and §
Vocational Nurse License Number 174435 §
issued to IRENE CALANCHE MARQUEZ § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Bc considered the matter of IRENE CALANCE MARQUEZ, Registered Nurse License Number 667794 and Vocational Nurse License Number 174435, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order offered on May 7, 2009, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas and holds a license to practice vocational nursing in the State of Texas, which is in delinquent status.
4. Respondent received a Certificate in Vocational Nursing from El Paso Community College, El Paso, Texas on August 13, 1999, and received an Associate Degree in Nursing from El Paso Community College, El Paso, Texas on December 1, 1999. Respondent was licensed to practice vocational nursing in the State of Texas on November 8, 1999, and was licensed to practice professional nursing in the State of Texas on March 21, 2000.

5. Respondent's professional and vocational nursing employment history includes:

8/99 - 12/99	Not employed in Nursing	
1/2000 - Present	Staff Nurse Labor and Delivery	Providence Memorial Hospital El Paso, Texas

6. At the time of the initial incident, Respondent was employed as a Labor and Delivery Staff Nurse with Providence Memorial Hospital, El Paso, Texas, and had been in this position for eight(8) years and two(2) months.
7. On or about March 16, 2008, while employed at Providence Memorial Hospital, El Paso, Texas, Respondent failed to accurately assess, and report the finding of the fetal monitoring strip of Patient #000987825 to the physician, a patient who presented to Labor and Delivery at thirty-nine (39) weeks gestation with contractions. Respondent incorrectly interpreted the fetal heart monitoring strips as reassuring instead of the indicated decreasing fetal heart tone baseline, and reported to the physician that the fetal monitor strip looked, "okay." Consequently, the patient was discharged from the facility with discharge teaching instructions including recognition of labor, monitoring of fetal kick counts, and emergency warning signs and indications for returning to the facility. When the patient returned the next day and was placed on the fetal heart monitor, fetal demise was noted and a nonviable fetus was delivered. Respondent's failure to accurately interpret fetal heart monitoring strips deprived the physician of essential information required to stabilize the fetus, which may have prevented the demise of the fetus.
8. In response to the incident in Finding of Fact Number Seven(7), Respondent states that at no time in the course of the patient's hospitalization did the patient experience any untoward events, or any changes that would have alerted Respondent to any potential problems. The fetal monitoring strips did not display any fetal decelerations. The fetal heart rate was consistently between one hundred thirty-five(135) and one hundred forty-five(145) beats per minute, which is a normal value. Respondent admits that the use of "reassuring" instead of "reactive" would have been proper when giving report to the physician, but the use of that term alone would not have alerted the physician that the patient must remain hospitalized. Respondent states she was surprised when discharge orders were given as she had been anticipating the patient would stay for observation to rule out labor. The fetal autopsy results indicated the intrauterine demise was due to a "cord accident", as evidenced by the thick meconium present at the time of delivery.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(D)&(1)(M) and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse Licence Number 667794, and Vocational Nurse License Number 174435, heretofore issued to Irene Calanche Marquez, including revocation of Respondent's license to practice professional and vocational nursing in the State of Texas.

NUNC PRO TUNC ORDER OF THE BOARD

TO: Irene Calanche Marquez
c/o Yvonne M. Acosta, Respondent's Attorney of Record
1100 Chase Tower
201 East Main Drive
El Paso, TX 79901

During open meeting held in Austin, Texas, the Texas Board of Nursing (Board) finds that an Agreed Order of the Board was mistakenly ratified and entered for Irene Calanche Marquez. The Agreed Order, signed by Respondent and Respondent's attorney on June 12, 2009, mistakenly omitted proper statute and rule citations and appropriate identification of Respondent's license numbers on page 3 of the Agreed Order. Further, the Agreed Order contained an incorrect reference to the Occupations Code §302.402(a) and to 22 Tex. Admin. Code §239.11. Upon notice and hearing, administrative agencies, like the Courts, have the power to enter nunc pro tunc orders where it can be seen by reference to a record that what was intended to be entered, but was omitted by inadvertence or mistake, can be corrected upon satisfactory proof of its rendition provided that no intervening rights will be prejudiced. *Railroad Comm'n v. McClain*, 356 S.W.2d 330, 334 (Tex. App.--Austin 1962, no writ) (citing *Frankfort Ky. Nat. Gas Co. v. City of Frankfort*, 276 Ky. 199, 123 S.W.2d 270, 272).

The Executive Director, as agent of the Texas Board of Nursing, after review and due consideration of the record and the facts therein invalidates the Agreed Order of the Board that was mistakenly ratified and entered on July 23, 2009 by the Board, and submits and enters the corrected Agreed Order of the Board, which references the proper statute and rule citations and appropriate identification of Respondent's license numbers and eliminates the incorrect reference to the Occupations Code §302.402(a) and to 22 Tex. Admin. Code §239.11. Respondent received due process regarding both licenses; therefore, her rights have not been prejudiced.

NOW, THEREFORE, IT IS ORDERED that the corrected Agreed Order of the Board is hereby approved and entered on the dates set forth below.

Order effective July 23, 2009.
