

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Director of Nursing with T & T Home Health Agency, Dallas, Texas, and had been in this position for an unknown period of time.
7. That while employed as the Director of Nursing at T & T Home Health Agency, Dallas, Texas, Respondent assigned and allowed an unlicensed individual to conduct skilled home health nursing visits, for three (3) home health patients, including providing wound care. Additionally, Respondent signed the skilled nursing home health visit notes to indicate she had actually done the skilled nursing home health visits. Respondent's conduct placed the patients at risk of unsafe nursing care by an unlicensed individual and was deceiving to subsequent caregivers who would rely on her documentation to provide ongoing medical care.
8. Respondent states that after the unlicensed person was hired, she was instructed to assign her clients. At that time, it was not her job to check the nurses' licenses or do background checks because this was done by other office personnel. Respondent states that she was not aware that any person assigned to her was unlicensed and was informed she was a new employee by management and assigned to her as a new nurse. Respondent states that it was later explained to her that this person was a medical doctor in her country of origin and had practiced as a physician there for 6-7 years. This person came to the United States and was accepted in the preparation class and would be sitting for the upcoming medical boards in Texas. Respondent states she was well qualified to render the blood pressure test and the blood sugar test, in addition to caring for the wound client that was assigned to her.
