BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Licensed Vocational Nurse § AGREED
License Number 193805 §
issued to BRANDY DEEANN PERKINS § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Bo considered the matter of BRANDY DEEANN PERKINS, Vocational Nurse License Number 193805, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9)&(10), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on June 12, 2009, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.

3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Amarillo College, Amarillo, Texas, on May 21, 2004. Respondent was licensed to practice vocational nursing in the State of Texas on June 24, 2004.

5. Respondent's complete vocational nursing employment history includes:

6. At the time of the initial incident, Respondent was employed as a Licensed Vocational Nurse with Covenant Hospital Plainview, Plainview, Texas, and had been in this position for three (3) years and eight (8) months.
7. On or about July 11, 2008, while employed as a Licensed Vocational Nurse with Covenant Hospital Plainview, Plainview, Texas, Respondent lacked fitness to practice nursing in that she had bloodshot eyes, seemed disoriented, had extreme fatigue, and trouble following directions. Respondent's condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.

On or about July 11, 2008, while employed as Licensed Vocational Nurse with Covenant Hospital Plainview, Plainview, Texas, Respondent engaged in the intemperate use of alcohol in that she submitted a specimen for a drug screen that produced a positive result for alcohol (75mg/dL). The use of alcohol by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patients' condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care thereby placing the patient in potential danger.
9. In response to Finding of Facts Number Seven (7) and Eight (8) Respondent states that she went out with friends to a bar, consumed alcohol, and was home in bed around two thirty that morning. Respondent states that she was awoken by a phone call around eight that morning from her staff coordinator informing her that she was to have been at work at seven. Additionally, Respondent states that she arrived to her department around 9:30AM, and did not feel impaired at all just embarrassed that she misread the schedule.

10. On or about May 20, 2009, Respondent underwent a Chemical Dependency Evaluation with Dr. Richard Lee Wall, Dr. Wall recommendation is for Respondent to attend and participate in a group that comprehensively addresses the issues of alcohol use and abuse in order to develop a professional understanding of the stages and dangers of even episodic alcohol abuse and that Respondent undergo unscheduled drug tests for a period of one (1) year. Additionally, Dr. Wall states that Respondent appears to be intensely motivated toward being a professional nurse.
11. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
