5/03 - 11/03	Charge Nurse Orthopedics, Med/Surg	Nix Hospital Downtown San Antonio, Texas
12/03 - Unknown	Staff Nurse Telemetry	Sid Peterson Memorial Hospital Kerrville, Texas

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse in the Telemetry Unit with Sid Peterson Memorial Hospital, Kerrville, Texas, and had been in this position for one (1) year and one (1) month.
7. On or about January 12, 2005, through July 13, 2005, while employed as a Staff Nurse with Sid Peterson Memorial Hospital, Kerrville, Texas, Respondent failed to administer medications in a responsible manner to the patients, as follows:

DATE/TIME	PATIENT	PHYSICIAN'S ORDER	MEDICATION ADMINISTRATION RECORD	DOCUMENTATION
1/12/05 @ 1800	457001	Azactam 1 gm in 50 ml Normal Saline IV every 8 hours	Administration documented at 1800.	Respondent failed to notice the medication did not infuse @ 1800.
3/9/05 @ 0900	325005	Change Solu Medrol to 80 mg IVP every 12 hours	Solu Medrol 125 mg administered IVP at 0400; Solu Medrol 80 mg IVP at 0900.	Respondent documents administration at 0900 when should not have been administered until 1600.
7/10/05 @ 1600	325882	Cardizem 90 mg every 8 hours	Cardizem 90 mg administered at 0800; 1600 dose circled.	Cardizem 90 mg at 1600 "not given." Administered at 2100.
7/10/05 @ 1700	"	Calcium 600 mg + D BID with meals	Calcium + D administered at 0800; 1700 dose circled.	1700 dose documented as administered at 2100.
7/13/05	466136	Taper off Cardizem Drip	"Tapered off Cardizem"	Nurses Notes document Cardizem being administered at 7.5 mg/hour.

Respondent's conduct unnecessarily exposed the patients to risk of harm due to delays in the treatments of their disease processes.

8. On or about February 20, 2005, while employed as a Staff Nurse with Sid Peterson Memorial Hospital, Kerrville, Texas, Respondent failed to remove a foley catheter for Patient Medical Record Number 316605 and failed to assess and document assessment of urinary output following the removal of the foley catheter, as ordered. Respondent's conduct resulted in an incomplete, inaccurate medical record, and unnecessarily exposed the patient to risk of harm in that subsequent care givers would rely on her documentation to provide further patient care.
9. In response to Findings of Facts Numbers Seven (7) and Eight (8), Respondent states that she initiated the administration of Azactam with no indication that there was a problem with the pump. She explains that she either made an error with the pump or the pump was interrupted during the administration resulting in the medication not being infused. The early administration of the Solu Medrol was a communication error. The patient had received her last dose of Solu Medrol 125 mg at 0400 and subsequently the order was to change to Solu Medrol 80 mg IV every 12 hours. Respondent discussed the appropriate times of administration with the Charge Nurse and it was

agreed that the medication should be administered at 0900 and 2100. Respondent states that she can not say why one of the patient's late afternoon medications were omitted when the others were not. Respondent goes on to explain that she did decrease the Cardizem but she failed to document the titration. Respondent adds that she contacted the pharmacy because the oral Cardizem had been removed from the Pyxis Medication Administration System. The normal procedure is for the Charge Nurse or the Assistant Nurse Manager to contact physicians when there are questions regarding medications. In conclusion, Respondent admits that she did fail to remove the foley catheter; however, she did administer the Lasix, and the urinary output was documented by the nurse aide.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555 , the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(C),(1)(D)&(3)(A).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 533014, heretofore issued to KATHRYN CRAVEN HART, including revocation of Respondent's license to practice professional nursing in the State of Texas.
