

Respondent's professional nursing employment history continued:

02/98 - 10/98	RN	Covenant Maternal Fetal Lubbock, Texas
02/00 - 06/00	RN	Interim Health Care of Lubbock Lubbock, Texas
10/02 - 01/08	RN	Baylor Medical Center Fort Worth, Texas
02/08 - present	unknown employment	

6. At the time of the initial incident, Respondent was employed as a Registered Nurse with Baylor Medical Center, Fort Worth, Texas, and had been in this position for four (4) years and nine (9) months.
7. On or about July 28 through July 29, 2007, while employed as a Registered Nurse with Baylor Medical Center at Southwest Fort Worth, Fort Worth, Texas, Respondent left her nursing assignment without notifying the appropriate personnel, in that she placed herself on a monitor and waited to be medicated with Terbutaline, by a co-worker, without reassigning her patients. Respondent's conduct was likely to injure patients in that leaving the nursing assignment could have resulted in the patients not getting the care that they needed.
8. On or about July 28 through July 29, 2007, while employed as a Registered Nurse with Baylor Medical Center at Southwest Fort Worth, Fort Worth, Texas, Respondent acquired the assistance of a co-worker to administer Terbutaline to herself, without a valid physician's order. Respondent's conduct could have resulted in herself suffering adverse reactions to the medication.
9. On or about July 28 through July 29, 2007, while employed as a Registered Nurse with Baylor Medical Center at Southwest Fort Worth, Fort Worth, Texas, Respondent misappropriated Terbutaline from the facility and the patients thereof for her own personal use. Respondent's conduct was likely to defraud the facility and the patient thereof of the cost of the medication.
10. In response to Findings of Fact Numbers Seven (7) through Nine (9), Respondent states that she placed herself on a monitor to observe her contractions. Respondent stated that she needed a dose of Terbutaline to stop the contractions, but did not state this as an Order, rather an observation of her condition. Respondent does admit to being administered Terbutaline for her own use.
