Katherine A. Thomas
Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of License Number 224471 § AGREED
issued to NONA DARLENE HUTCHERSON § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of NONA DARLENE HUTCHERSON, License Number 224471, herein referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on February 18, 2009, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 31, 1970. Respondent was licensed to practice professional nursing in the State of Texas on August 10, 1970.
5. Respondent's professional nursing employment history includes:

Unknown-08/03	Staff Nurse	Texas Tech University Health Science Center Amarillo, Texas
---------------	-------------	--

Respondent's professional nursing employment history continued:

08/03-01/04	Unknown	
02/04-08/04	Staff Nurse	Healthsouth Medical Center Dallas, Texas
09/04-02/08	Director of Quality & Risk Management	Medical Center at Lancaster Lancaster, Texas
03/08-Present	Not Employed in Nursing	

6. On May 11, 2004, Respondent's license to practice professional nursing in the State of Texas was issued the sanction of a Warning with Stipulations by Board of Nurse Examiners for the State of Texas. A copy of the May 11, 2004, Agreed Order, Findings of Fact, and Conclusions of Law is attached and incorporated, by reference, as part of this Order.
7. On January 19, 2006, Respondent's license to practice professional nursing in the State of Texas was issued the sanction of a Reprimand with Stipulations by Board of Nurse Examiners for the State of Texas. A copy of the January 19, 2006, Agreed Order, Findings of Fact, and Conclusions of Law is attached and incorporated, by reference, as part of this Order.
8. On or about April 2007 through June 2007, Respondent obtained narcotics, including but not limited to Hydrocodone tablets as well as Cough Syrup containing Hydrocodone, through means of misrepresentation and/or deception in that she signed a contract with J. Michael Stanton, D.O., Metroplex Pain Management, Bedford, Texas, and agreed not to receive narcotics from any other providers while under his care. She violated her contract by obtaining pain medications from another physician, without informing Dr. Stanton. The use of Hydrocodone by a Nurse could impair the nurse's ability to make rational, accurate and appropriate assessments, judgments and decisions regarding patient care, thereby placing the patient in potential danger.
9. In response to Finding of Fact Number Eight (8), Respondent states, "I have been a patient of Dr. Michael Stanton who was treating me for spine and disc disease, as well as ruptured discs. Last spring, I injured my right shoulder and was ultimately determined to have a torn rotator cuff. At that time I underwent the first of 4 surgeries on my shoulder, developed a staph infection...During this period, I kept Dr. Stanton's nurse practitioner, Sue, informed of my progress, multiple surgeries and hospitalizations. In addition, I had informed her of the pain medication the surgeon had prescribed. At no time did I realize Sue did not have that information noted in my file."

Additionally, in regards to the cough medicine containing Hydrocodone, Respondent states, "During a particularly bad episode of bronchitis some time last year, the Carba-XP was not effective. I requested something stronger but informed the staff I did not want a narcotic product. I did not realize the new product was a narcotic. It was definitely an oversight on my part that I did not question the pharmacist or the physician. Believing Dr. Perryman (Respondent's primary care physician) would not prescribe a narcotic, I did not even pay attention to the name on the bottle. Again, this was my fault for not examining it closer. When I did realize it was a narcotic, I notified Dr. Perryman's office not to prescribe it again."

Furthermore, Respondent's position as Director of Quality and Risk Management did not involve direct patient care at the time. Due to her health problems, she has not been able to provide direct patient care.

10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(5).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 224471, heretofore issued to NONA DARLENE HUTCHERSON, including revocation of Respondent's license to practice nursing in the State of Texas.

ORDER

BEFORE THE BOARD OF NURSE EXAMINERS
FOR THE STATE OF TEXAS

In the Matter of License Number 224471 § AGREED
issued to NONA DARLENE HUTCHERSON § ORDER

On this day the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, considered the matter of NONA DARLENE HUTCHERSON, Registered Nurse License Number 224471, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9)&(10), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on February 16, 2004, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 1, 1970. Respondent was licensed to practice professional nursing in the State of Texas on August 10, 1970.

5. Respondent's professional employment history includes:

Unknown-8/03	Staff Nurse	Texas Tech University Health Science Center Amarillo, Texas
--------------	-------------	---

8/03-Present	Unknown	
--------------	---------	--

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Texas Tech University Health Science Center, Amarillo, Texas.
7. On or about December 8, 2000, while employed with Texas Tech University Health Science Center, Amarillo, Texas, Respondent misappropriated Demerol from the facility and patients thereof. Respondent's conduct was likely to defraud the facility and patients of the cost of the medication.
8. On or about December 8, 2000, while employed with Texas Tech University Health Science Center, Amarillo, Texas, Respondent falsified the physician's orders for Demerol to the facility pharmacy in that she was ordering more medication than was required and/or authorized in order to misappropriate the Demerol for her personal use. Respondent's conduct was likely to defraud the facility and patients of the cost of the medication, and placed the hospital pharmacy in violation of Chapter 481 of the Texas Health and Safety Code (Controlled Substances Act).
9. On or about March 23, 2001, while employed with Texas Tech University Health Science Center, Amarillo, Texas, Respondent engaged in the intemperate use of Ultram as evidenced by a positive drug screen. Respondent was prescribed Ultram by her rheumatologist but failed to notify the Texas Peer Assistance Program for Nurses (TPAPN) of the prescription prior to taking it. The use of Ultram by a Registered Nurse while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in patients' conditions, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
10. On or about August 5, 2003, Respondent underwent a forensic psychological evaluation, performed by John M. Lehman, Ph.D., Clinical Psychologist, which included a chemical dependency component and a polygraph examination. Dr. Lehman found that there were no indications of cognitive problems and that Respondent classified as being chemically dependent, which she has admitted to. Dr. Lehman believes Respondent's recovery is strong but he does not consider Respondent's positive drug screen for Ultram, collected on March 23, 2001, as a relapse as she had legitimate reasons for taking the medication and she had a prescription for it. Dr. Lehman reports that Respondent does have some history with depression and began using Demerol in 2000 to self-medicate and became addicted. Since

then, her depression has been diagnosed and she has received therapy and psychotropic treatment. Dr. Lehman's testing clearly indicated that Respondent's depression was controlled and that she had no diagnosable mental health problems. Dr. Lehman believes if Respondent continues treatment and her recovery program that she should be safe to practice nursing in the future as well. Dr. Lehman recommends that Respondent continue regular involvement in Narcotics Anonymous (NA) on a weekly basis.

11. Respondent underwent a pain management evaluation on January 13, 2004, performed by J. Michael Stanton, D.O., F.A.O.C.A. Respondent reported to Dr. Stanton that she had severe pain in her right shoulder, hips, hands, toes and knees from rheumatoid arthritis, for which her family practitioner prescribed Lortab. After examination and interview, Dr. Stanton's impression is that Respondent suffers from rheumatoid arthritis, is intolerant to nonsteroidal drugs (NSAIDs), is status post cervical and lumbar fusion, had severe degenerative joint disease, is recovering from Demerol addiction, and has an addictive personality. Dr. Stanton believes Respondent does need Lortab for pain control and he has continued Respondent on Lortab 7.5mg, to be taken three (3) times a day. Dr. Stanton only gave Respondent one week's medications at a time and required that she see him again in a month. Also, Dr. Stanton had Respondent sign an agreement that she would not get medications from any other doctor for her pain.
12. The Board finds that there exists serious risks to public health and safety due to intemperate use of controlled substances.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(9)&(10), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.12(1),(4)&(19).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against License Number 224471, heretofore issued to NONA DARLENE HUTCHERSON, including revocation of Respondent's professional license to practice nursing in the State of Texas.
