

6. On or about November 26, 2007, Respondent was issued a Conditional Eligibility Order by the Texas Board of Nursing. A copy of the November 26, 2007 Conditional Eligibility Order, Findings of Fact and Conclusions of Law, is attached and incorporated, by reference, as part of this Order.
7. At the time of the initial incident, Respondent was employed as a Licensed Vocational Nurse with Texana Center, Sugar Land, Texas, and has been in this position for five (5) months.
8. On or about October 8, 2008, Respondent failed to comply with the Order of Conditional Eligibility issued by the Texas Board of Nursing, on November 26, 2007. Respondent's noncompliance was her failure to comply with Stipulation Number Three (3) of the Order which reads:
  - (3) PETITIONER SHALL comply with all requirements of the TPAPN contract during its term.

Specifically, on or about October 8, 2008, and October 18, 2008, Respondent produced specimens for drug screens that were positive for alcohol. The use of alcohol by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgements, and decisions regarding patient care, thereby placing the patient in potential danger.
9. Respondent's last known date of sobriety is October 18, 2008, as indicated in Finding of Fact Number Eight (8).
10. In response to Finding of Fact Number Eight (8), Respondent attributes her behavior to the fact that she has experienced some major changes in her family life which has resulted in a lot of stress. Respondent denies that she ever consumed alcohol prior to or while on duty as a Licensed Vocational Nurse.
11. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
