On this day the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, considered the matter of TINA GAYE SOWELL, Vocational Nurse License Number 127007, hereinafter referred to as Respondent.

Respondent's conduct was likely to defraud the facility and patients of the cost of the medication.
10. On or about February 14, 2006, through February 15, 2006, while employed at Nacogdoches Memorial Hospital, Nacogdoches, Texas, Respondent lacked fitness to practice vocational nursing in that Respondent exhibited impaired behavior including, but not limited to, falling asleep on duty, exhibiting grogginess and low affect. Respondent's conduct could have affected her ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected her ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
11. On or about February 14, 2006, while employed at Nacogdoches Memorial Hospital, Nacogdoches, Texas, Respondent failed to document patient assessments or nursing care rendered for her assigned patients. Respondent's conduct above was likely to injure the patients in that subsequent care givers would rely on her documentation to further treat the patients.
12. On or about February 14, 2006, while employed at Nacogdoches Memorial Hospital, Nacogdoches, Texas, Respondent failed to obtain Patient Medical Record Number 01094-64's consent for a left carotid endarterectomy as ordered by the physician. Respondent's conduct was likely to injure the patient in that the patient could have suffered from adverse complications due to delayed treatment of the patient's disease process.

13. On or about October 3, 2006, and October 16, 2006, Respondent was seen by Dr. Rion N. Hart, Ph.D. to undergo a forensic psychological evaluation with a chemical dependency component and a polygraph test. The results of the MMPI-2 yielded elevations on a number of scales indicative of an individual who is feeling very depressed and discouraged. There were also elevations on supplementary scales indicating post traumatic-like symptoms with abundant anxiety and marital distress. Respondent stated to the polygraph examiner that on February 14, 2006, through February 15, 2006, she was very tired and kept falling asleep at work because she took several medications. Respondent stated that she had taken two (2) Vicodin ES for a toothache before she went in to work and another Vicodin ES about an hour after she arrived for work. Respondent admitted that she uses Ephedrine to stay awake many times, and that she has injected herself with Toradol, Benadryl, Solumedrol and Ativan, while at the hospital. Based on the data obtained, there were deceptive criteria detected on the polygraph examination. Dr. Hart concludes by stating that Respondent is suffering from a significant anxious depression, and it appears Respondent fell into a pattern of using prescribed narcotic analgesics to ease her emotional and physical pain and came to abuse them. Dr. Hart recommends that Respondent needs psychiatric treatment to address her significant anxiety and depression which is likely the cause for her secondary drug abuse, and possible dependence.
14. The Respondent's conduct described in the preceding Findings of Fact was reportable under the provisions of Sections 301.401-301.419, Texas Occupations Code.
15. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
16. Respondent's conduct described in Findings of Fact Numbers Seven (7) through Twelve (12) was significantly influenced by Respondent's dependency on chemicals.
17. Respondent's compliance with the terms of a Board approved peer assistance program should be sufficient to protect patients and the public.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.455, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violations of Section 301.452(b)(10),(12)&(13), Texas Occupations Code, 22 TEX. ADMIN. CODE §217.11(1)(D)&(M), and 22 TEX. ADMIN. CODE §217.12(4),(5),(6)(G),(10)(C).
