In the Matter of

Licensure

ORDER OF
CONDITIONAL ELIGIBILITY

On the date entered below, the Board of Nurse Examiners for the State of Texas, hereinafter referred to as the Board, considered the Petition for Declaratory Order and supporting documents filed by TERESA MARIE MURPHEY, hereinafter referred to as PETITIONER, together with any documents and information gathered by staff and PETITIONER's Certificate contained herein. Information received by the Board produced evidence that PETITIONER may have violated Section 301.452 *et seq.*, Texas Occupations Code.

PETITIONER waived representation by counsel, notice and hearing, and agreed to the entry of this Order offered on July 16, 2006, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. On or about January 27, 2006, Petitioner submitted a Petition for Declaratory Order requesting a determination of eligibility for licensure in compliance with Section 301.257 *et seq.*, Texas Occupations Code.
2. Petitioner waived representation, notice, administrative hearing, and judicial review.
3. Petitioner graduated with an Associate Degree in Nursing from Grayson County College, Denison, Texas, on May 13, 2006.
4. Petitioner completed the Petition for Declaratory Order and answered "yes" to Question Number Two (2), which reads as follows: *"Have you ever been convicted, adjudged guilty by a court, pled guilty, no contest or nolo contendere to any crime in any state, territory or country, whether or not a sentence was imposed, including any pending criminal charges or*

unresolved arrest (excluding minor traffic violations)? This includes expunged offenses and deferred adjudications with or without prejudice of guilt. Please note that DUI's, DWI's, PI's must be reported and are not considered minor traffic violations. (One time minor in possession [MIP] or minor in consumption [MIC] do not need to be disclosed, therefore, you may answer "No." If you have two or more MIP's or MIC's, you must answer "Yes.")"

5. Petitioner disclosed the following criminal history, to wit:
 - A. In or about 1986 or 1987, Petitioner was convicted for the misdemeanor offense of Driving Under the Influence in Virginia Beach, Virginia. Petitioner plead guilty to the charge and was assessed a fine, lost her driving privileges for six (6) months, and was required to attend an "ASAP" course. No documentation was submitted for this offense, but it was disclosed through Petitioner's written statement.
 - B. In or about 1991, Petitioner was convicted of the misdemeanor offense of Driving Under the Influence in Virginia Beach, Virginia. Petitioner was assessed a punishment of losing her driver's license for three and one-half (3-1/2) years. No documentation was submitted for this offense, but it was disclosed through Petitioner's written statement.
 - C. In or about 1997, Petitioner states she was charged with the misdemeanor offense of Public Intoxication in Bonham, Texas. No documentation was submitted for this offense, but it was disclosed through Petitioner's written statement.
6. There is no evidence of any subsequent criminal conduct.
7. On April 17, 2006, Petitioner presented to Byron Law-Yone, M.D., Dallas, Texas, to undergo an evaluation by an addictionologist. The results of the evaluation indicate that Petitioner has a past history of marijuana and cocaine use. Petitioner has a past history of alcohol abuse which has led to two (2) arrests for driving under the influence and one (1) arrest for public intoxication. Presently, there is no evidence of any alcohol or substance abuse. Petitioner is presently receiving treatment with Zoloft 100mg daily as well as Xanax 1mg which she takes on an as needed basis, about once a week for insomnia. At the present time, Petitioner reported that her mood has been stable and that she has been thinking about stopping her Zoloft medication. Petitioner is receiving individual psychotherapy with a psychologist on a weekly basis and this treatment has been ongoing for the past six (6) months. To minimize the risk for relapse, the evaluation recommends notification of Petitioner's present psychotherapist requesting that they address the issue of Petitioner's past alcohol abuse during the course of her treatment. Discontinuation of her use of Xanax medication is also recommended as this medication is potentially addictive. The evaluator's opinion is that Petitioner would be able to consistently behave in accordance with the requirements of Rules 213.27-213.30 at 22 Texas Administrative Code, as well as the minimum standard set by the Board's Rule 217.11 at 22 TAC and generally accepted nursing standards. It is also probable

that Petitioner would consistently avoid behaviors identified by the Board as constituting unprofessional conduct.

8. The Board received letters of support/recommendation for Petitioner from the following:
 - A letter of recommendation dated January 17, 2006, was submitted to the Board on behalf of Petitioner by Sharon R. Franklin, R.N., M.S., Grayson County College, Denison, Texas.
 - A letter of recommendation dated January 25, 2006, was submitted to the Board on behalf of Petitioner by Linda J. Horne, R.N., M.S.N., Grayson County College, Denison, Texas.
9. Licensure of Petitioner poses no direct threat to the health and safety of patients or the public, provided that Petitioner complies with the stipulations outlined in this Order.
10. The Executive Director's review of the grounds for potential ineligibility has been made on the basis of the information provided by Petitioner.
11. Petitioner has sworn that her past behavior conforms to the Board's professional character requirements. Petitioner presented no evidence of behavior which is inconsistent with good professional character.
12. Petitioner has been advised that any information found to be incomplete, incorrect, or misleading will be considered and may result in an ultimate determination of ineligibility or the later revocation of a license obtained through misrepresentation.
13. On or about July 16, 2006, the Executive Director considered evidence of Petitioner's past behavior in light of the character factors set out in 22 Texas Administrative Code §213.27 and determined that Petitioner currently demonstrates the criteria required for good professional character.

CONCLUSIONS OF LAW

1. The Board of Nurse Examiners has jurisdiction over this matter pursuant to Section 301.453, Texas Occupations Code.
2. Petitioner has submitted a petition in compliance with Section 301.257 *et seq.*, Texas Occupations Code.
3. Petitioner's criminal history reflects criminal conduct which is grounds for denial of a license under Section 301.452 *et seq.*, Texas Occupations Code.
4. Petitioner shall immediately notify the Board of any fact or event that could constitute a ground of ineligibility for licensure under Section 301.452, Texas Occupations Code.

5. The Board may license an individual who has been previously convicted, adjudged guilty by a court, pled guilty or pled nolo contendere to any crime whether or not a sentence was imposed upon consideration of the factors set out in 22 Texas Administrative Code §213.28 and evaluating the direct relationship to nursing according to Chapter 53, Section 53.001 *et seq.*, Texas Occupations Code.
6. The Board may license an individual with prior behaviors inconsistent with the Board's character requirements if, upon evaluation of the factors in 22 Texas Administrative Code §213.27, the Board is satisfied that the individual is able to consistently conform her conduct to the requirements of the Nursing Practice Act, the Board's Rules and Regulations, and generally accepted standards of nursing practice.

Any positive result for which the nurse does not have a valid prescription will be regarded as non-compliance with the terms of this Order and may subject the nurse to further disciplinary action by this Board.
