4 its investigation and enforcement pursuant to Business and Professions Code section 125.3 in the  
5 amount of \$4,500.00. Respondent shall be permitted to pay these costs in a payment plan  
6 approved by the Board, with payments to be completed no later than three months prior to the  
7 end of the probation term.

8           If Respondent has not complied with this condition during the probationary term,  
9 and Respondent has presented sufficient documentation of her good faith efforts to comply with  
10 this condition, and if no other conditions have been violated, the Board, in its discretion, may  
11 grant an extension of Respondent's probation period up to one year without further hearing in  
12 order to comply with this condition. During the one year extension, all original conditions of  
13 probation will apply.

14           **12. Violation of Probation.** If Respondent violates the conditions of her  
15 probation, the Board after giving Respondent notice and an opportunity to be heard, may set

21 probationary period shall automatically be extended and shall not expire until the accusation or  
22 petition has been acted upon by the Board.

23           **13. License Surrender.** During Respondent's term of probation, if she ceases  
24 practicing due to retirement, health reasons or is otherwise unable to satisfy the conditions of

28 further hearing. Upon formal acceptance of the tendered license and wall certificate, Respondent

1 will no longer be subject to the conditions of probation.

2 Surrender of Respondent's license shall be considered a disciplinary action and

13 6. Section 2764 of the Code provides, in pertinent part, that the expiration of  
14 a license shall not deprive the Board of jurisdiction to proceed with a disciplinary proceeding  
15 against the licensee or to render a decision imposing discipline on the license.

16 7. California Code of Regulations, title 16, section 1442, states:

17 "As used in Section 2761 of the code, 'gross negligence' includes an extreme  
18 departure from the standard of care which, under similar circumstances, would have ordinarily  
19 been exercised by a competent registered nurse. Such an extreme departure means the repeated  
20 failure to provide nursing care as required or failure to provide care or to exercise ordinary  
21 precaution in a single situation which the nurse knew, or should have known, could have  
22 jeopardized the client's health or life."

23 8. California Code of Regulations, title 16, section 1443, states:

24 "As used in Section 2761 of the code, 'incompetence' means the lack of possession  
25 of or the failure to exercise that degree of learning, skill, care and experience ordinarily possessed  
26 and exercised by a competent registered nurse as described in Section 1443.5."

27 9. California Code of Regulations, title 16, section 1443.5 states:

28 "A registered nurse shall be considered to be competent when he/she consistently

1 demonstrates the ability to transfer scientific knowledge from social, biological and physical  
2 sciences in applying the nursing process, as follows:

3           "(1) Formulates a nursing diagnosis through observation of the client's physical  
4 condition and behavior, and through interpretation of information obtained from the client and  
5 others, including the health team.

6           "(2) Formulates a care plan, in collaboration with the client, which ensures that  
7 direct and indirect nursing care services provide for the client's safety, comfort, hygiene, and  
8 protection, and for disease prevention and restorative measures.

9           "(3) Performs skills essential to the kind of nursing action to be taken, explains  
10 the health treatment to the client and family and teaches the client and family how to care for the  
11 client's health needs.

12           "(4) Delegates tasks to subordinates based on the legal scopes of practice of the  
13 subordinates and on the preparation and capability needed in the tasks to be delegated, and  
14 effectively supervises nursing care being given by subordinates.

15           "(5) Evaluates the effectiveness of the care plan through observation of the  
16 client's physical condition and behavior, signs and symptoms of illness, and reactions to  
17 treatment and through communication with the client and health team members, and modifies the  
18 plan as needed.

19           "(6) Acts as the client's advocate, as circumstances require, by initiating action to  
20 improve health care or to change decisions or activities which are against the interests or wishes  
21 of the client, and by giving the client the opportunity to make informed decisions about health  
22 care before it is provided."

23           10. Section 118, subdivision (b), of the Code provides that the expiration of a  
24 license shall not deprive the Board of jurisdiction to proceed with a disciplinary action during the  
25 period within which the license may be renewed, restored, reissued or reinstated.

26           11. Section 125.3 of the Code provides, in pertinent part, that the Board may  
27 request the administrative law judge to direct a licentiate found to have committed a violation or  
28 violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation

1 and enforcement of the case.

2 FIRST CAUSE FOR DISCIPLINE

3 (Gross Negligence)

4 12. Respondent is subject to disciplinary action under section 2761(a)(1) in  
5 that she was grossly negligent. The circumstances are as follows:

6 13. On or about July 13, 2003, Respondent was employed as the relief charge  
7 nurse in the transitional care unit at Regional Medical Center in San Jose, California.  
8 Respondent was responsible for monitoring the telemetry station<sup>1</sup>. Patient A had been admitted  
9 to the transitional care unit on June 27, 2003. He was 88 years old and suffered from chronic  
10 obstructive pulmonary disease. According to an electrocardiogram rhythm strip from Patient A's  
11 monitor, he had a heart rate of 112 at 15:22. At 16:29, the strip indicated he had a heart rate of  
12 40, and at 16:29:32 it went down to 39 and a telemetry alarm was triggered. At 16:39 another  
13 alarm was triggered indicating that the patient's heart had stopped. By the time Patient A was  
14 found by nursing staff at approximately 17:05, he was cold, pale, and had expired. Respondent  
15 failed to respond to any of the alarms, and/or failed to ensure that a competent member of the  
16 nursing staff was monitoring the telemetry station in Respondent's absence.

17  
18 SECOND CAUSE FOR DISCIPLINE

19 (Incompetence)

20 14. Respondent is subject to disciplinary action under section 2761(a)(1) in  
21 that she was incompetent. The circumstances are as follows:

22 15. Respondent was incompetent when, as described in paragraph 13 above,  
23 she failed to respond to Patient A's alarms, and/or failed to ensure that a competent member of  
24 the nursing staff was monitoring the telemetry station in Respondent's absence.

25  
26  
27 1. Telemetry is the transmission of data electronically to a nurses' station. At a telemetry  
28 desk, one nurse can monitor the condition of several patients located in different patient rooms.  
If a patient experiences a significant change in condition, a telemetry alarm will go off.
