BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 221732 §
issued to JEAN ANN HOLUB FERRELL § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of JEAN ANN HOLUB FERRELL, Registered Nurse License Number 221732, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived informal conference, notice and hearing, and agreed to the entry of this Order offered on February 18, 2008, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent received a Diploma in Nursing from St. Mary's School of Nursing, Galveston, Texas, on May 1, 1968, and received a Certificate from The University of Texas Medical Branch School of Nursing, Pediatric Nurse Practitioner Program, Galveston, Texas, in September 1979. Respondent was licensed to practice professional nursing in the State of Texas on August 27, 1968; became Board recognized as Pediatric Nurse Practitioner in the State of Texas on May 23, 1988; and became Board recognized with Prescriptive Authority as a Pediatric Nurse Practitioner in the State of Texas on December 13, 1996.
4. Respondent is currently licensed to practice professional nursing in the State of Texas. Respondent's authorization as a Pediatric Nurse Practitioner with Prescriptive Authority has been in "inactive" status since August 12, 2002.

5. Respondent's professional nursing employment history includes:

1968 - 1994	Unknown	
1995 - 1997	Coordinator	Richmond State School Richmond, Texas
4/97 - 4/01	Charge Nurse	Devereaux Psychiatric Hospital League City, Texas
8/97 - 11/99	Pediatric Nurse Practitioner	Harris County Health Department Houston, Texas
5/01 - 5/06	Staff Nurse, Mental Health/Substance Abuse	Seton Shoal Creek Psychiatric Hospital Austin, Texas
6/06 - Present	Unknown	

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse with Seton Shoal Creek Psychiatric Hospital, Austin, Texas, and had been in this position for four (4) years and three (3) months.

7. On or about August 29, 2005, while employed as Staff Nurse with Seton Shoal Creek Psychiatric Hospital, Austin, Texas, Respondent failed to visualize Patient AF at 10:00 am, as required, during routine patient checks that were to be completed every fifteen (15) minutes for patients on Suicide Precautions. On Monday, August 29, 2005, Respondent was the primary nurse for Patient AF and performed visual checks every fifteen (15) minutes, as required, beginning at 07:00. Respondent, however, pre-documented on the narrative nurses note that the patient was up and about, interacting with peers and staff during the entire 7 - 3 shift, and the only other documentation in that note was that at 09:45 Patient AF denied suicidal ideation. When Respondent checked on the patient at 10:00 am, the patient was in the bathroom and Respondent did not complete a face -to- face observation of the patient. At 10:15 am, Patient AF was discovered in the bathroom with a sheet tied around her neck that was fastened to the towel rack, and although a Code Blue was called and cardiopulmonary resuscitation was initiated, the patient expired after being transferred to an acute care facility. Respondent's conduct unnecessarily exposed the patient to the risk of injury from a possibly unsafe environment.

8. On or about November 30, 2005, and as the result of the incident in Finding of Fact Number Seven (7), Respondent successfully completed the Seton Shoal Creek Psychiatric Hospital Competency Education for Suicide Risk Assessment and Monitoring.

9. On or about April 12, 2006, while employed as Staff Nurse with Seton Shoal Creek Psychiatric Hospital, Austin, Texas, Respondent failed to continuously monitor and visualize Patient AB as required for patients on 1:1 safety precautions. The patient was a forty-six (46) year-old who had been admitted with a history of Schizoaffective Disorder, Depression and Opiate Dependency, and Respondent was watching the patient on behalf of the primary staff member, who had stepped away. The physician's order stated that safety precautions were only needed while the patient was awake, and when Respondent assumed temporary care of the patient, she found that the patient's eyes were closed, that her breathing was deep and regular, and that she did not respond when her name was called or when her shoulders were lightly touched. Respondent assumed that the patient was asleep, and left the patient's room in order to get medical records so she could document while she sat with the patient. However, after Respondent left the room, the patient awoke and began attempting to injure herself by banging her head against the wall. Patient AB did not sustain any injury. Respondent's conduct unnecessarily exposed the patient to the risk of injury from a possibly unsafe environment.
10. In response to the incident in Finding of Fact Number Seven, (7), Respondent admits that she did not visualize the patient at 10:00 am because the patient was in the bathroom, but heard "bathroom noises" coming from the room. Respondent states that she was also responsible for making rounds on several patients who were on suicide precautions, as well as making hourly rounds on all the patients on the open unit and documenting on at least 8 patients. In response to the incident in Finding of Fact Number Nine (9), Respondent states that she would have never left the patient's bedside if she had realized that the patient would awaken so easily.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(A),(1)(B), (1)(D)&(1)(M) and 217.12(1)(B)&(4).
