

5. Respondent's vocational nursing employment history includes:

October 1996 to February 2000	Unknown	
March 2000 to May 2002	LVN Charge Nurse	Southwest Parkway Wichita Falls, Texas
May 2002 to October 2002	LVN Charge Nurse	Westview Care Center Seymour, Texas
October 2002 to March 2003	LVN Charge Nurse	Evergreen Nursing Home Burkburnett, Texas
March 2003 to March 2005	LVN Charge Nurse	Cedar Falls Care Center Wichita Falls, Texas
April 2005 to May 2005	Unknown	
June 2005 to Unknown	LVN	Texhoma Christian Care Center Wichita Falls, Texas

6. On March 21, 2006, Respondent's license to practice vocational nursing in the State of Texas was Suspended by the Texas Board of Nursing. The suspension was stayed, and Respondent was placed on Probation for three (3) years. A copy of the March 21, 2006, Agreed Order, Findings of Fact and Conclusions of Law, is attached and incorporated, by reference, as part of this Order.
7. On or about November 14, 2006, while employed with Texhoma Christian Care Center, Wichita Falls, Texas, Respondent engaged in the intemperate use of Propoxyphene in that she produced a specimen for a drug screen which resulted positive for Propoxyphene. Possession of Propoxyphene without a valid prescription is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Propoxyphene by a Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.

8. On or about November 14, 2006, Respondent failed to comply with the Agreed Order issued to her on March 21, 2006, by the Texas Board of Nursing for the State of Texas. Non-compliance is the result of Respondent's failure to comply with Stipulation Number Fourteen (14) of the March 21, 2006, Agreed Order which states, in pertinent part:

Respondent shall, abstain from the consumption of alcohol, Nubain, Stadol, Dalgan, Ultram, or other synthetic opiates, and/or the use of controlled substances, except as prescribed by a licensed practitioner for a legitimate purpose....

9. On September 25, 2007, Respondent presented to John Lehman, Ph.D., PC., Clinical and Forensic Psychology, Richardson, Texas, to undergo a forensic psychological evaluation to include a chemical dependency component and a polygraph examination. Dr. Lehman states that Respondent is a drug addict who does not have a stable recovery. Her most recent slip (acknowledged only after the failed polygraph) involved not only the use of Hydrocodone, but the theft of the drugs from a person who trusted her into her home to clean. It is unclear if this is the only slip and there may be other drug use that is undetected at this time. Because of the present issues, Respondent is not fit to practice as a nurse. Her recovery is unstable and she has violated the trust placed in her by others through her history of theft. Respondent appears to have a conscience that is easy to circumvent. Respondent is not safe to practice as a nurse. Dr. Lehman recommends that Respondent's license to practice vocational nursing be suspended and she not be allowed to practice.
10. Respondent by her signature to this Order, expresses her desire to voluntarily surrender her license to practice vocational nursing in the State of Texas.
