

Respondent's vocational nursing employment history (continued):

05/00 - 01/03	LVN	Briarcliff Health Center Carthage, Texas
02/03 - 06/03	LVN	Panola Nursing and Rehab Carthage, Texas
07/03 - 01/04	LVN	Briarcliff Health Center Carthage, Texas
02/04 - Present	LVN	Panola Nursing and Rehab Carthage, Texas

6. At the time of the incident, Respondent was employed as a Licensed Vocational Nurse with Panola Nursing and Rehab, Carthage, Texas, and had been in this position for approximately three (3) years and eight (8) months.
7. On or about October 8, 2007 through November 11, 2007, while employed as a Licensed Vocational Nurse with Panola Nursing and Rehab, Carthage, Texas, Respondent lacked fitness to practice vocational nursing in that Respondent was hospitalized and subsequently entered outpatient treatment for alcohol and was prescribed Ativan abuse/dependence, and depression. Respondent's condition could have affected his ability to recognize subtle signs, symptoms or changes in patients' conditions, and could have affected his ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patients in potential danger.
8. In response to Finding of Fact Number Seven (7), Respondent states: The alleged facts are fairly accurate. I self-reported while I was in outpatient treatment for alcohol and Ativan abuse/dependence, and depression. Part of my treatment plan was to disclose my addictions to my employer, and to the nursing board, something that created great anxiety, but great relief once I did it. It was an effort to have a greater sense of accountability to the people who had placed their trust in me. I was addicted to Ativan, prescribed to me by a doctor, and took it for years. I was taking 6mg a day. That was the prescribed dose. I tried to quit taking it on my own, but the withdrawals were severe. I started taking it again, as directed, then tried to wean myself off. I developed a severe depression, and realized that it was too much for me to do on my own. I needed treatment, and I went to get it. Since that time, I have been drug free.
9. The Respondent's conduct described in the preceding Findings of Fact was reportable under the provisions of Sections 301.401-301.419, Texas Occupations Code.

10. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
11. Respondent's conduct described in Finding of Fact Number Seven (7) resulted from Respondent's impairment by dependency on chemicals.
12. Respondent's compliance with the terms of a Board approved peer assistance program should be sufficient to protect patients and the public.
