Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse License § AGREED
Number 641646 issued to STACY KOONCE § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of STACY KOONCE, Registered License Number 641646, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on June 27, 2008, by Katherine A. Thomas, MN, RN, Executive Director.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from The University of Texas at Tyler, Tyler, Texas, on May 1, 1997. Respondent was licensed to practice professional nursing in the State of Texas on June 30, 1997.
5. Respondent's professional nursing employment history includes:

06/1997 - Unknown	Staff Nurse	Good Shepherd Medical Center Longview, Texas
-------------------	-------------	---

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Good Shepherd Medical Center, Longview, Texas, and had been in this position for nine (9) years.
7. On or about June 27, 2006, while employed with Good Shepherd Medical Center, Longview, Texas, Respondent failed to administer Penicillin-K liquid suspension orally to Patient Medical Record Number 063139, as ordered by the physician and as indicated on the medication label. Instead, Respondent administered the medication to the patient by infusion. Respondent's conduct unnecessarily exposed the patient to the risk of harm in that the medication she administered was not formulated to be infused and could have harmed the patient's circulatory system.
8. On or about December 1, 2007, while employed with Good Shepherd Medical Center, Longview, Texas, Respondent inappropriately administered the intravenous (IV) medication Mannitol/Lasix to her assigned Patient Medical Record Number 443614, without a physician's order. Respondent then erroneously documented on the Medication Administration Record that she had administered Bactrim. The Mannitol/Lasix was found hanging at the bedside of patient Medical Record Number 443614, disconnected from the IV line, and running onto the floor. Respondent's conduct was likely to injure the patient in that failure to administer medications as ordered by the physician could have resulted in non-efficacious treatment.
9. In response to the incidents in Findings of Fact Numbers Seven (7) through Eight (8), Respondent states she had never performed a Penicillin desensitization before and the route was not specified by the physician's order. At the bottom of the physician's order was written "observe the patient for 30 minutes, and if no reaction is seen, start a penicillin drip at..." Therefore, according to Respondent, there was not a doubt in her mind that the incremental doses were to be given IV, and Respondent points out that there was no apparent ill effects suffered by the patient in response to the medication error of December 1, 2007.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(A),(1)(B),(1)(C), (1)(D)&(1)(N) and 217.12(1)(B)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 641646, heretofore issued to STACY KOONCE, including revocation of Respondent's license to practice professional nursing in the State of Texas.

ORDER

IT IS THEREFORE AGREED and ORDERED, subject to ratification by the Texas Board of Nursing, that RESPONDENT SHALL receive the sanction of REMEDIAL EDUCATION, and RESPONDENT SHALL comply in all respects with the Nursing Practice Act, Texas Occupations Code §§301.001 *et seq.*, the Rules and Regulations Relating to Nurse Education, Licensure and Practice, 22 TEX.
