BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse	§	AGREED
License Number 145605	§	
issued to JACKIE ELLEN STAFFORD	§	ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of JACKIE ELLEN STAFFORD, Vocational Nurse License Number 145605, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(9),(10),(12)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order offered on March 10, 2009, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Tyler Junior College-Jacksonville, Jacksonville, Texas on August 20, 1993. Respondent was licensed to practice vocational nursing in the State of Texas on December 1, 1993.
5. Respondent's vocational nursing employment history includes:

1993 - 1994	LVN	Oak Park Care Center Rusk, Texas
1994 - 1997	LVN	Rusk State Hospital Rusk, Texas
1996 - Present	LVN/Owner	Stafford House Rusk, Texas
10/1997 - 07/2008	LVN	Lexington Place Nursing Home Rusk, Texas
08/2008 - 09/2008	LVN	Lexington Place Nursing Home Rusk, Texas
09/2008 - Present	LVN	Jordan Home Health Care Mt. Vernon, Texas

6. At the time of the initial incident, Respondent was employed as a vocational nurse with Lexington Place Nursing and Rehabilitation, Rusk, Texas, and had been in this position for nine (9) years and seven (7) months.
7. On or about July 4, 2008, while employed as a Licensed Vocational Nurse with Lexington Place Nursing and Rehabilitation, Rusk, Texas, Respondent lacked fitness to practice vocational nursing, in that she exhibited impaired behavior while on duty including, but not limited to: slurred speech, a staggered gait, extremely slow responses. Respondent exhibited trouble counting narcotics, was unable to locate her assigned keys, and took approximately ten (10) minutes to provide a thirty (30) second report on two (2) residents that had been sent to the Emergency Room. Respondents condition could have affected her ability to recognize subtle signs, symptoms or changes in patients' condition, and could have affected her ability to make rational, accurate and appropriate assessments, judgements, and decisions regarding patient care, thereby placing the patients in potential danger.
8. On or about July 4, 2008, while employed as a Licensed Vocational Nurse with Lexington Place Nursing and Rehabilitation, Rusk, Texas, Respondent engaged in the intemperate use of a narcotic medication, in that she admitted to taking Lyrica while on duty. The doctor who prescribed the medication to the Respondent indicated that she should not have been working under the influence of the medication at that time. The use of Lyrica by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to make rational, accurate and appropriate assessments, judgements, and decisions regarding patient care, thereby placing the patient in potential danger.

9. In response to Findings of Fact Numbers Seven (7) and Eight (8), Respondent states that she never felt impaired. Respondent has since stopped taking Lyrica. She found that in some cases the medication can cause staggered gait and negative side effects that she does not want. Respondent states that she went to an abuse counselor for testing and it was found that she does not have a problem with narcotics and is not addicted.
10. On or about July 4, 2008, while employed as a Licensed Vocational Nurse with Lexington Place Nursing and Rehabilitation, Rusk, Texas, Respondent failed to document, or accurately document orders for Patient Medical Record Number 560, in the patient's medical records. Respondent's conduct was likely to injure that patient, in that subsequent care givers would have inadequate information on which to base their decisions to administer further patient care..
- 11.. In response to Findings of Fact Number Ten (10), Respondent states that upon arriving to work, there were two residents that should have gone to the Emergency Room on the six (6) to two (2) shift. Respondent did the assessments on the residents and called the doctor for orders to transport for evaluation. Neither resident was in acute distress. Respondent completed one chart and got the transfer sheets done and the residents were transported.
12. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(9),(10),(12)&(13), Texas Occupations Code, 22 TEX. ADMIN. CODE §217.11(1)(B)&(D), and 22 TEX. ADMIN. CODE §217.12(1)(A),(4),(5)&(10)(A).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 145605, heretofore issued to JACKIE ELLEN STAFFORD, including revocation of Respondent's license to practice vocational nursing in the State of Texas.
