Once hired, the Petitioner trains the employee and provides any continuing education they may need. Petitioner has become a great addition to the team at Share Care. She listens carefully and responds professionally and politely to any request made of her. Petitioner's personal goal to regain her RN licensure status is also in line with the company's goal of having a full time RN on staff. They are aware of Petitioner's recovery and are very supportive of her.
- 7.5. Documentation of thirteen (13) negative drug screens collected from December 11, 2015, through April 27, 2016.
- 7.6. Documentation of support group attendance dating from December 2015 through May 2016.
- 7.7. Documentation of the required continuing education contact hours.
8. The Executive Director considered evidence of Petitioner's past behavior in light of the character factors set out in 22 Tex. Admin. Code §213.27 and determined that Petitioner currently demonstrates the criteria required for good professional character and relicensure.
9. Licensure of Petitioner poses no direct threat to the health and safety of patients or the public provided Petitioner complies with the stipulations outlined in this Order.
10. The Executive Director's review of Petitioner's eligibility for relicensure has been made on the basis of Petitioner's disclosures.

Dear Ms. Fazzio:

Reference is to the Program Agreement signed with the Recovering Nurse Program, effective June 6, 2007. This Agreement allowed that your Louisiana RN license be retained, contingent upon adherence to stipulations of the Recovering Nurse Program, including but not limited to:

- Before accepting or engaging in professional employment of any kind, whether as an employee or independent contractor and whether on a full-time or part-time basis, the Participant will enter into an agreement with each and any such employer or contractor, in the form and substance prescribed by the Program and incorporated in the Program. The employer's agreement must be completed and returned to the RNP office prior to beginning work.
- Shall work in a restrictive environment as a member of a treatment team rather than alone or with a few employees. Not be employed in agency/contracting/pool, home health services, or nursing homes. Additionally, not be employed in any unsupervised setting involving direct patient care.
- Cause to have submitted written documents on a timely basis to verify compliance with monitoring specifications of the Recovering Nurse Program.

A review of your file on March 22, 2010 reveals you are not in compliance with the aforementioned Agreement, specifically:

- On December 6, 2007, you met in conference with Board staff to discuss several issues of non-compliance. Specifically, failure to start aftercare and submitting your verification calendars in a timely manner.
- On March 17, 2009, you were notified by Board staff that you had failed to submit verification calendars for the months of April 2008, August 2008, and January 2009. Upon receipt of these calendars, it was found that you falsified the April 2008 calendar (during March 22, 2010 review).
- On February 21, 2010, you resigned from University Hospital, and failed to notify the Board of this change in employment.
- On March 19, 2010, Board staff were informed that you were currently employed and working at Tulane Medical Center and Ochsner in flex/pool positions. You accepted both positions and had begun working before submitting Employer's Agreements to the Board for approval.
- On March 23, 2010, you met in conference with Board staff to discuss the aforementioned noncompliance with RNP employment stipulations during which time you admitted to falsifying your April 2008 Attendance Calendar. You were informed that prior to returning to work you must submit to comprehensive, in-patient psychiatric, psychological and substance abuse evaluations by a Board approved treatment center.

- On April 9, 2010, the Board received said evaluations from Pine Grove Professional Enhancement Program. Recommendations were to attend an Intensive Outpatient Program.
- On April 14, 2010, by email, you stated your desire to withdraw yourself from the RNP and forfeit your RN license.
- On April 15, 2010, in a conversation with Board staff, you accepted that your Louisiana RN license would be suspended for failure to enter and complete an Intensive Outpatient Program.

Further review of your file revealed additional areas of noncompliance, specifically:

- From December 2008 - February 2009, you missed ten (10) RNP group meetings.
- From September 2007 - August 2008, you submitted to five (5) random drug screens which were returned with abnormal results.

The Board Agreement provides that failure to comply with the stipulations of RNP will result in the immediate suspension of your license. Therefore, your Louisiana RN license is suspended and you are directed to return your 2010 license immediately to the Board.

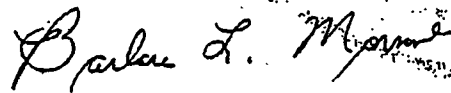

**YOU ARE TO CEASE AND DESIST IMMEDIATELY THE PRACTICE OF NURSING IN LOUISIANA.**

This will be reported to Healthcare Integrity and Protection Data Bank (HIPDB) as F-2- Unable to Practice Safely by Reason of Alcohol or Other Substance Abuse; 99\_Other: (Failure to comply with Licensing Board Agreement. HIRBB Narrative: On May 19, 2007, Respondent entered into a three (3) year confidential Recovering Nurse Program Agreement for alcohol dependence. On April 14, 2010, Respondent failed to comply with treatment recommendations, which violated her Agreement with the Board.

If at some time in the future you can present evidence that the cause for the disciplinary action no longer exist and/or no longer affects your ability to practice nursing safely, you may petition the Board to request approval for clinical nursing courses. Prior to requesting reinstatement, you may be required to enter and complete a comprehensive in-patient evaluation at a Board approved evaluation center, followed by full compliance with RNP for an extended period of time. If approval is granted after this, a period of probation with stipulations would be required.

If you are able to show error in the staff's action then you must so notify the Board in writing within ten (10) days of this date.
