In the Matter of	§	AGREED
Registered Nurse License Number 700824	§	
& Vocational Nurse License Number 136739	§	
issued to LORENZO LEWIS GREER	§	ORDER

Executive Director of the Board  
*Patricia C. Thomas*

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of LORENZO LEWIS GREER, Registered Nurse License Number 700824, and Vocational Nurse License Number 136739, hereinafter referred to as Respondent. This action was taken in accordance with Section 301.453(c), Texas Occupations Code.

Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.

The Board makes the following Findings of Fact and Conclusions of Law.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was provided to Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived representation by counsel, informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas. Respondent holds a license to practice vocational nursing in the State of Texas, which is currently in delinquent status.
4. Respondent received a Certificate in Vocational Nursing from McLennan Community College, Waco, Texas, on January 10, 1992, and an Associate Degree in Nursing from Temple College, Temple, Texas, on May 9, 2003. Respondent was licensed to practice vocational nursing in the State of Texas on May 27, 1992, and Respondent was licensed to practice professional nursing in the State of Texas on October 7, 2003.
5. Respondent's complete nursing employment history is unknown.

6. On or about December 9, 2008, Respondent's licenses to practice professional and vocational nursing in the State of Texas were SUSPENDED, with the suspension being STAYED and placed on PROBATION for a period of two (2) years. A copy of the Findings of Fact, Conclusions of Law and Order dated December 9, 2008, is attached and incorporated, by reference, as part of this Order.
7. On or about February 26, 2012, while employed as a Registered Nurse with Wesley Woods Healthcare Center, Waco, Texas, Respondent verbally, emotionally, and physically abused Resident CL. Resident CL had gotten out of bed and crawled on his hands and knees to the bathroom. Respondent refused to let the Certified Nursing Assistants (CNA) help the resident back to his bed or into a wheelchair. While in the bathroom, Resident CL attempted to lift himself by holding onto the grab bar. Respondent pried the resident's fingers from the bar and placed his hands back on the floor. Then Respondent told the resident, "you crawled in here, and you can crawl back out." Additionally, Respondent began pulling on the resident's shirt and made several derogatory statements including, "this is boot camp, you want PT (physical therapy), you got PT the hard way, so man up." Furthermore, Respondent made Resident CL crawl from the bathroom floor onto a mat, which Respondent used to drag the resident to his bed. Respondent then roughly tossed the resident into his bed face down. The resident was left quivering and short of breath, and stated to the CNA, "no one has ever treated me like that." Respondent's conduct was likely to injure the resident in that it exposed the resident unnecessarily to physical, emotional, and/or psychological harm.
8. On or about February 26, 2012, while employed as a Registered Nurse with Wesley Woods Healthcare Center, Waco, Texas, Respondent failed to document the aforementioned incident in Finding of Fact Number Seven (7) in Resident CL's medical records. Additionally, when the CNA told Respondent to look at Resident CL's knees because they were red and carpet burned from the incident, Respondent said he would document the redness was from the resident's fall on the previous day. Respondent's conduct deprived subsequent caregivers of essential information on which to provide ongoing medical care.
9. In response to Findings of Fact Numbers Seven (7) and Eight (8), Respondent states when he entered the room, Resident CL was on his knees attempting to urinate in the trash can. Resident CL urinated on the floor and in the trash can leaving a large wet spot, close to the area where the handrails were. Respondent states Resident CL became very resistant to verbal and physical cues. Respondent states it was visually understood that they would not make any further attempts to grab the rails, because the resident continued to place his hands on the floor, attempting to turn back towards the bedroom. Respondent states that he told the resident they were not in some type of boot camp, and he was there for Physical Therapy (PT) but he was going about it the hard way. Respondent states Resident CL continued to crawl on his knees towards his bed. At that time Respondent states he told the resident to place his hands on the blue mat. Then the resident crawled completely onto the mat. Respondent states he and the CNA pulled the mat closer to the bed. Respondent states he asked Resident CL if he was done because they had been patient with him and had other duties to complete.

10. Respondent, by his signature to this Order, expresses his desire to voluntarily surrender his license(s) to practice nursing in the State of Texas.

\*\*\*\*\*

In the Matter of Registered Nurse §  
License Number 700824 and Vocational § AGREED  
Nurse Licence Number 136739 §  
issued to LORENZO LEWIS GREER § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of LORENZO LEWIS GREER, Registered Nurse License Number 700824 and Vocational Nurse License Number 136739, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on September 18, 2008, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas. Respondent's license to practice vocational nursing in the State of Texas is in "delinquent" status.
4. Respondent received a Certificate in Vocational Nursing from McClellan Community College, Waco, Texas, on January 10, 1992, and received an Associate Degree in Nursing from Temple College, Temple, Texas, on May 9, 2003. Respondent was licensed to practice vocational nursing in the State of Texas on May 27, 1992, and was licensed to practice professional nursing in the State of Texas on October 7, 2003.

5. Respondent's nursing employment history includes:

1992 - 05/2000	Unknown	
06/2000 - 05/2002	Staff Relief	Medical Staff Network Waco, Texas
08/2001 - 05/2002	Part-Time Charge Nurse	Coryell Hospital System Gatesville, Texas
05/2002 - Unknown	Part-Time Charge Nurse	Elmwood Nursing Home Marlin, Texas
2002 - 2004	Staff Relief	Care Pros Staffing Agency Temple, Texas
12/2004 - 04/2005	Shift RN Supervisor	Central Texas Veterans Hospital Temple, Texas
05/2005 - 07/2005	Unknown	
08/2005 - 05/2006	Part-Time Charge Nurse	Central Texas Hospital Cameron, Texas
05/2006 - Unknown	Charge Nurse	Bellmead Rehabilitation Center Bellmead, Texas
10/2006	Staff Nurse	Falls Community Hospital Marlin, Texas
11/2006 - Present	Unknown	

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a Charge Nurse with Central Texas Hospital, Cameron, Texas, and had been in this position for nine (9) months.

7. On or about May 7, 2006, while employed as a Charge Nurse with Central Texas Hospital, Cameron, Texas, Respondent failed to immediately report a narcotic discrepancy discovered at the change of shift to the Director of Nursing (DON), as required, and instead, walked outside to the back of the hospital. A Staff Nurse reported the discrepancy to the DON, who instructed all nurses with access to narcotics to submit a urine sample for drug testing. Although Respondent was directly instructed by the DON to submit a urine sample before leaving the facility, he refused and left anyway. Respondent's conduct resulted in an incomplete investigation by the facility, which had a responsibility to investigate the missing narcotics.

8. On or about May 13, 2006, while employed as a Charge Nurse with Central Texas Hospital, Cameron, Texas, Respondent left the facility without notification to and/or authorization from a supervisor approximately two and a half hours (2.5 hours) after clocking in and assuming care of patients. The day before, the DON left multiple phone messages for Respondent requesting that he report for counseling regarding concerns about medication errors and the aforementioned narcotics discrepancy before he reported for his shift. The DON scheduled another nurse for Respondent's scheduled shift when she had no contact from him, assuming that he might not come to work. When Respondent clocked in at 0648 hours, he told the other nurse to leave, and assumed care of her assigned patients. When the DON was notified that Respondent had shown up for work, she came to the facility to speak with him. She did not see Respondent at the Nurse's Station when she arrived and assumed that he was on the floor caring for his patients since his name was written with assigned patients on the board, but was told by a Staff Nurse that he was no longer at the facility. The DON assumed care of the patients that Respondent abandoned until another nurse arrived. Respondent's conduct was likely to injure patients by creating an unsafe clinical environment and could have resulted in Respondent's assigned patients not receiving needed care.
9. On or about October 11, 2006, and October 17, 2006, while employed as a Staff Nurse with Falls Community Hospital and Clinic, Marlin, Texas, Respondent twice failed to notify appropriate staff, including his supervisor, when leaving his nursing assignment, as follows:
- On October 11, 2006, Respondent was in his third day of orientation was to work with another RN who was doing patient care; however, Respondent could not be located on several instances, including two instances in which his supervisor was not able to "locate his whereabouts" for 30-40 minutes, and he did not answer his pages; and
  - On October 17, 2006, Respondent was to assume charge nurse duties with the actual Charge Nurse checking behind him. Respondent did not perform as instructed and "disappeared for long periods."
- Respondent's conduct was likely to injure patients in that leaving nursing assignments could have resulted in Respondent's assigned patients not receiving needed care.
10. On or about October 18, 2006, while employed as a Staff Nurse with Falls Community Hospital and Clinic, Marlin, Texas, Respondent erroneously administered medications ordered for another patient, including Augmentin, a Penicillin based antibiotic, to Patient Number 052571, who had a known allergy to Penicillin. Additionally, Respondent administered another antibiotic, Zithromax, to the patient three (3) hours earlier than ordered by the physician. Consequently, Patient Number 052571 experienced adverse reactions that required medical intervention, including the administration of three intravenous medications. Respondent's conduct unnecessarily placed the patient at risk for side effects, including anaphylaxis and/or possible demise.
11. On or about October 18, 2006, while employed as a Staff Nurse with Falls Community Hospital and Clinic, Marlin, Texas, Respondent failed to transcribe an admission order for Atrovent and Albuterol per nebulizer into the Medication Administration Record of Patient

Number 119955, who had been admitted in the afternoon for treatment of pneumonia and asthma. Consequently, the patient did not receive a nebulizer treatment until the next morning. Respondent's conduct was likely to injure the patient in that failure to transcribe ordered medications could have resulted in non-*efficacious* treatment and/or could have resulted in further complications from untreated disease processes.

12. On or about August 9, 2006, Respondent submitted fraudulent and forged correspondence dated May 13, 2006; to the Board which indicated that his services at Central Texas Hospital, Cameron, Texas, were simply no longer needed. On May 13, 2006, Respondent's employment with Central Texas Hospital, Cameron, Texas, was terminated "for patient abandonment and refusal to provide a urinalysis for narcotic discrepancy" and having refused counseling. Respondent's conduct was deceptive.
13. In response to the incidents in Findings of Fact Numbers Seven (7) through Twelve (12), Respondent states that he phoned the DON regarding the narcotic discrepancy and was only instructed to fill out an incident report, not to submit a urine sample for a drug screen. Further, he had already tested negatively for drugs several times previously, including his initial employment drug screen both for Central Texas Hospital, Cameron, Texas, and for other organizations. Respondent asserts that when he arrived to work on May 13, 2006, his name was crossed out on the schedule, he was not assigned patients, did not receive report, and did not "receive any keys" or count narcotics. According to Respondent, the DON and another supervisory nurse were standing next to the Nurse's Station when he arrived at work and after standing at the Nurse's Station for over forty-five (45) minutes with no one speaking to him, he called the DON from the Nurse's Station, resigned his employment, clocked out and left the facility. Respondent claims that he is a "black African-American, Protestant, family man," yet has "been dogged by discrimination" because he is "a minority male in a so called women's profession." Regarding Finding of Fact Number Ten (10), Respondent states that he was in orientation and worked the same hours as the person orienting him; on his first day he was orientating in the afternoon with the Unit Clerk, who left at different times of the day, so it is possible that he did not answer the overhead page because he was not in the building. According to Respondent, he was instructed to gather his supplies and leave the building after he had given report to the oncoming nurse and had clocked out. Regarding Patient Number 052571, Respondent explains that he was not prepared and felt rushed to complete his medication pass. Respondent further attributes the medication error to the Medication Administration Record, which "was unorganized and difficult to follow," to the patient having been transferred to a room much farther away from the medication room, and to the medication cart being kept in the medication room and his having to "go back and forth patient after patient" to gather medications. Regarding his failure to transcribe an admission order for Patient Number 119955, Respondent states that he worked the 7am - 7pm shift and "each nurse on 7pm - 7am shift was to make a twelve (12) hour chart check to catch anything that might have been missed."
