issued to MARK AARON TAYLOR § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of MARK AARON TAYLOR, Registered Nurse License Number 610028, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on November 5, 2007, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Tyler Junior College, Tyler, Texas, on May 1, 1994, and received a Baccalaureate Degree in Nursing from The University of Texas at Tyler, Tyler, Texas, in May 1998. Respondent was licensed to practice professional nursing in the State of Texas on September 27, 1994.

6. On or about July 22, 1992, Respondent was issued a Declaratory Order for licensure eligibility by the Board of Nurse Examiners for the State of Texas. A copy of the Declaratory Order, Findings of Fact, Conclusions of Law, and Order date July 22, 1992, is attached and incorporated by reference as a part of this Order.
7. At the time of the initial incident in Finding of Fact Number Eight (8) Respondent was employed as a RN with The University of Texas Health Center at Tyler, Tyler, Texas, and had been in this position for two (2) months.
8. On or about January 20, 2006, while employed as a RN with The University of Texas Health Center at Tyler, Tyler, Texas, Respondent failed to accurately assess and monitor Patient JS, who presented to the Emergency Department with an altered mental status. The patient had a history of mental retardation, and the patient's family was concerned that the patient had or was having a stroke. Respondent failed to obtain vital signs for a period of more than six (6) hours after the patient arrived, and then only after the patient experienced seizure-like activity. Although Respondent obtained vital signs, he failed to re-assess the patient, who experienced an episode of aspiration according to the physician's notes. Thirty (30) minutes before end of shift, and forty-five (45) minutes after the seizure-like activity, Respondent assessed the patient to be resting quietly; however, shortly after change of shift, the subsequent nurse found the patient to be unresponsive to deep stimuli and with a temperature of 104.5. The patient was subsequently admitted to the Intensive Care Unit and died within several days. Respondent's conduct was likely to injure the patient from failure to accurately perform ongoing assessments of this ill patient, who had changes in his medical status, and could have resulted in delays of needed medical interventions.

9. On or about January 20, 2006, while employed as a RN with The University of Texas Health Center at Tyler, Tyler, Texas, Respondent failed to accurately and completely document the nursing care he provided to, and assessments of, the aforementioned Patient JS, as follows:

- Although vital signs were taken at noon, including a normal temperature, no further vital signs were taken for more than six (6) hours, and no further temperature was taken until after the next nurse arrived, at which time it was determined to be 104.5;
- There was no documentation of assessments when the patient experienced seizure activity at 5:45 pm;
- There was no documentation of an assessment after the patient experienced aspiration, which was only mentioned in the physician's notes, and which was not documented at all by Respondent; and
- There was no documentation related to the patient being agitated after 1:00 pm, and in contrast, Respondent documented the patient was resting quietly at 6:30 pm (which was Respondent's last entry).

Respondent's conduct resulted in an incomplete medical record and was likely to injure the patient in that the documentation did not accurately reflect the patient's status and changes in condition, which prevented subsequent caregivers from having accurate information on which to base their decisions regarding further care of the patient.

10. In response to the incidents in Findings of Fact Numbers Eight (8) and Nine (9), Respondent states that the patient was never without needed care; that the patient was too agitated and thrashing about to be able to take vital signs; and that he did suction the patient after the seizure activity, which Respondent believes prevented the patient from having an severe aspiration. Respondent states that he recommended to the physician that the patient be admitted to ICU rather than the medical floor, and that the physician and medical residents were kept aware of the patient's progress the entire time Respondent was involved with his care.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§217.11(1)(D),(1)(M)&(3)(A) and 217.12(1)(A),(1)(B)&(4).

2. On March 19, 1992, Petitioner submitted a petition for eligibility to take the National Council Licensure Examination for Registered Nurses.

If there are any questions regarding either case please write to me or feel free to call: (903) 729-4513 and I will be more than happy to help.

If calling, (I am a full time student & substitute teacher, both of which keep me quite busy during the day) please leave a message & I will return your call as soon as possible. Thanks again, Mark Taylor."

"Regarding Jan. 1991 Case: Reckless Conduct

On the night of Jan. 13th, while en route home from Tyler, Tx., I was

stopped just inside the city limits of Palestine by a patrolman who said he clocked me going around 5 miles over the speed limit.

After discussing with the officer where I was coming from & going to, he asked if I had anything to drink that night to which I honestly answered "yes" (my wife & I were returning home from an Italian restaurant located in Tyler where there we had a few glasses of wine along with our meal). The officer then decided to take me in & charge me w/DWI.

The next day I consulted an attorney on this matter. I was at this time district manager for a company, located here in Palestine, to which there I received co. benefits including a co. car, to be used in my work since I traveled 60-70,000 miles a year, as long as I maintained an excellent driving record. In discussing my situation with my attorney he reassured me that I shouldn't have any problem resolving this matter, thus he & I decided to see the judge so as possible.

On the 29th of that same month I went before a judge who, taking my good background (& the fact that I had not had very much to drink that night anyway) into consideration only found me guilty of a lesser charge of reckless *conduct (as opposed to reckless *driving, so not to damage my driving record).

I there & then paid a fine of \$600.00 (+ \$131.50 court costs), thus ending the case.

Charge: Reckless Conduct: Class B Misdemeanor

Regarding Dec. 1976 Case: DWI

In Dec. 1976, while as a freshman student at Sam Houston St. U., I was observed, by a campus policeman, failing to come to a complete stop at a stop sign (while en route back to my dormitory; after leaving a fraternity party).

The officer then pulled me over & noticing alcohol on my breath, decided to take me in for a possible DWI offense.

On Dec. 8th I went before a judge concerning my offense to which I was fined \$125.00 (+ \$49.00 court costs), (both of which I paid there & then), & was put on a probation period of 6 months (10 days jail deferred as long as I carried out my probation successfully, to which I, of course, did.).

Charge: DWI: Misdemeanor

5. On or about December 8, 1976, in the County Court of Walker County, Texas, Petitioner was convicted of D.W.I.
6. On or about December 8, 1976, in the county Court of Walker County, Texas, Petitioner was assessed punishment at a fine of \$125.00 and placed on probation for a period of six (6) months, for the offense of D.W.I.

7. On or about April 29, 1992, Petitioner was discharged from probation by the County Court of Walker County, Texas, for the offense of D.W.I. for which he was convicted on December 8, 1976.
8. On or about January 29, 1991, in County of Anderson, Texas, Petitioner was convicted of a reckless conduct charge. The offense occurred on January 13, 1991.
9. On or about January 29, 1991, Petitioner was assessed a punishment of a \$600.00 fine and \$131.50 for court costs, for the offense of reckless conduct.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter pursuant to Article 4519(a).
2. Petitioner has submitted a petition in compliance with Article 4519(a), Revised Civil Statutes of Texas, as amended.
3. The evidence presented constitutes sufficient evidence to take action under powers granted by Article 4525(a), Revised Civil Statutes of Texas, as amended.
