5. Respondent's nursing employment history includes:

9/2012 - 2/2013	Unknown

8/2015 - 11/2015	Staff Nurse	Nacogdoches Memorial Hospital Nacogdoches, Texas

7/2017	Private Duty Nurse	Maxim Healthcare Tyler, Texas
8/2017 - Present	Private Duty Nurse	Superhero Kids Home Health Tyler, Texas

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Private Duty Nurse with Innovations Health Services, Tyler, Texas, and had been in that position for nine (9) months.
7. On or about December 31, 2016, through January 23, 2017, while employed as a Private Duty Nurse with Innovations Health Services, Tyler, Texas, Respondent failed to maintain professional boundaries, and patient privacy, when she brought her husband to work during her twelve (12) hour shifts caring for Patient CS who is five (5) years old, and instructed her husband, who was not authorized to care for the aforementioned patient, to lift and turn the patient while Respondent had a neck injury. In addition, on May 17, 2017, Respondent also inappropriately and without agency approval allowed him to come into the patient's home for over three (3) hours while waiting for her shift to be completed. Respondent's conduct exposed the patient unnecessarily to a risk of harm from ineffective treatment by an unauthorized untrained person in the house, invasion of privacy, and exposure of confidential medical information.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent states that when she was hired, she had never worked in Home Health care, wasn't provided any training regarding crossing professional boundaries, and was unaware of the rules so she was uncertain as to what the professional boundaries were. Respondent explains that on Christmas night she had to leave her shift early due to excruciating neck pain, contacted her employer to let them know that she could work, but couldn't lift the patient, but could bring her husband who could lift him for her. Respondent states that the family was contacted, and the mother agreed that it was okay, so her husband came to work with her where he would lift and turn the patient, and she would take care of the patient's medical treatments and medications. Respondent explains that after several weeks of this arrangement, she got steroid injections and physical therapy, and was able to do her job with no further assistance. Respondent relates that on May 17, 2017, the patient's family had approved for her husband

to pick her up after her shift which ended at 9 am, and he arrived at 5:30 am. Respondent explains that she let him in the house, and while sitting on the couch he fell asleep.
