

Respondent's vocational nursing employment history continued:

January 2004	-	April 2004	Staff Nurse Kinder Hearts Home Health Abilene, Texas
May 2004	-	July 2004	Unknown
August 2004	-	August 2005	Staff Nurse Maxim Healthcare Services Corpus Christi, Texas
September 2005	-	Present	Unknown

6. At the time of the initial incident cited in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse with Maxim Healthcare Services, Corpus Christi, Texas, and had been employed in this position for approximately one (1) year.
7. On or about July 31, 2005, Respondent failed to document nursing care delivered and medications administered in the Medication Administration Record (MAR), and/or nurses notes of Patient Medical Record Number 23100110B. Respondent's conduct was likely to injure the patient in that subsequent care givers would rely on Respondent's documentation to further medicate the patient which could result in an overdose.
8. While employed as a Staff Nurse with Maxim Healthcare Services, Corpus Christi, Texas, Respondent engaged in the intemperate use of Marijuana while on duty in that Respondent was frequently chemically impaired while caring for Patient Medical Record Number 23100110B. Respondent frequently smoked Marijuana with the patient's uncle in the home of Patient Medical Record Number 23100110B while on duty. Possession of Marijuana is prohibited by Chapter 481 of the Texas Health & Safety Code (Controlled Substances Act). The use of Marijuana by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.
9. On or about August 1, 2005, while employed as a Staff Nurse with Maxim Healthcare Services, Corpus Christi, Texas, Respondent failed to recognize and honor professional interpersonal boundaries appropriate to the therapeutic relationship or health care setting in that Respondent failed to provide monetary compensation for Patient Medical Record Number 23100110B uncle's truck before driving off in the vehicle and not returning. Respondent's conduct was likely to injure the patient in that boundary violations can cause delayed distress for the patient which may not be recognized or felt by the patient until harmful consequences occur.
10. On or about August 15, 2005, while seeking employment with Highland Medical Center, Lubbock, Texas, Respondent engaged in the intemperate use of Marijuana in that Respondent provided a specimen for a pre-employment drug screen which resulted positive for Marijuana. When asked by the Chief Nursing Officer (CNO) if Respondent had indeed used Marijuana recently, Respondent stated, "Yes...I'm young and make dumb decisions sometimes." Possession of Marijuana is prohibited by Chapter 481 of the Texas Health &

Safety Code (Controlled Substances Act). The use of Marijuana by a Licensed Vocational Nurse, while subject to call or duty, could impair the nurse's ability to recognize subtle signs, symptoms or changes in the patient's condition, and could impair the nurse's ability to make rational, accurate, and appropriate assessments, judgments, and decisions regarding patient care, thereby placing the patient in potential danger.

11. The Board finds that there exists serious risks to public health and safety as a result of impaired nursing care due to intemperate use of controlled substances or chemical dependency.
12. Respondent's conduct described in Findings of Fact Numbers Seven (7) through Ten (10) was significantly influenced by Respondent's dependency on chemicals.
13. Respondent's compliance with the terms of a Board approved peer assistance program should be sufficient to protect patients and the public.

1. Pursuant to Texas Occupations Code, Sections 301.451-301.455, the Board has jurisdiction over this matter.
