BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse License Number 680243 § AGREED
issued to GARY JOSEPH HELMBURG § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of GARY JOSEPH HELMBURG, Registered Nurse License Number 680243, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on November 28, 2007, by Katherine A. Thomas, MN, RN, Executive Director.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Temple College, Temple, Texas, on May 11, 2001. Respondent was licensed to practice professional nursing in the State of Texas on July 31, 2001.
5. Respondent's professional nursing employment history includes:

07/01 - present	RN	Round Rock Medical Center Round Rock, Texas
-----------------	----	--

6. At the time of the initial incident, Respondent was employed as a Registered Nurse with Round Rock Medical Center, Round Rock, Texas, and had been in this position for two (2) years and seven (7) months.
7. On or about February 18, 2004, while employed with Round Rock Medical Center, Round Rock, Texas, Respondent failed to know the rationale for and the effects of medications in that he gave Patient EJ a prescription for Bactrim and instructed the patient to take the medication twice a day. Respondent failed to alert patient EJ or the patient's physician of the contraindication of prescribing a drug containing sulfa to Patient EJ when it was documented in the medical record that the patient was allergic to drugs containing sulfa. Respondent's conduct injured the patient in that the administration of a drug containing sulfa resulted in the patient suffering from adverse reactions.
8. In response to Finding of Fact Number Seven (7), Respondent states:

"My only involvement with this patient was for less than one hour on the afternoon of February 18, 2004 when I provided her with discharge instructions for returning home. As part of these discharge instructions, I explained the physician's instructions to her, including the need for follow-up, and gave her the prescriptions that had been written for her by her physician. She indicated her understanding of these instructions."

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violation of Section 301.452(b)(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §217.11(3).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 680243, heretofore issued to GARY JOSEPH HELMBURG, including revocation of Respondent's license to practice professional nursing in the State of Texas.
