BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 654450 §
issued to MARCO RODRIGUEZ § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of MARCO RODRIGUEZ, Registered Nurse License Number 654450, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on October 28, 2007, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from San Antonio College, San Antonio, Texas, on May 1, 1998. Respondent was licensed to practice professional nursing in the State of Texas on August 3, 1998.

5. Respondent's professional nursing employment history includes:

8/98 to 8/00 RN
Metropolitan Methodist Hospital
San Antonio, Texas

8/00 to Unknown RN
Baptist Medical Center
San Antonio, Texas

3/11/02 to Unknown RN
Sierra Medical Center
El Paso, Texas

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a RN in the Emergency Department with Sierra Medical Center, El Paso, Texas, and had been in this position for four (4) years and eight (8) months.

7. On or about November 14, 2006, while employed as a RN in the Emergency Department with Sierra Medical Center, El Paso, Texas, Respondent failed to accurately and completely assess Patient Account Number 010446228. The patient was a 38-year-old male who presented to the Emergency Department with complaints of abdominal pain, severe head pain, emesis and weakness that began the previous night. Respondent failed to obtain and/or document the patient's temperature during the initial triage assessment and failed to reassess the patient while he waited in the lobby area for over five (5) hours. Subsequently, the patient was unable to be located when he was finally called to be taken to an exam room. Respondent's conduct was likely to injure the patient from adverse reactions due to fever that may have been present. Additionally, Respondent's conduct was likely to injure the patient from undetected progression of his medical condition while waiting to be evaluated by a medical provider.

8. On or about November 14, 2006, while employed as a RN in the Emergency Department with Sierra Medical Center, El Paso, Texas, Respondent exceeded his scope of practice by documenting an order for a Computerized Tomography (CT) scan of the brain of the aforementioned Patient Account Number 010446228, without first collaborating with or getting authorization from a physician. The physician had not yet evaluated the patient and had not ordered any examinations. Respondent's conduct was likely to injure the patient from non-efficacious and/or non-indicated diagnostic procedures, from unnecessary exposure to radiation, and caused the patient to incur the costs for a possibly unneeded procedure.

9. In response to the incident in Finding of Fact Number Seven (7), Respondent states that the Emergency Department had only two (2) thermometers at the time and he may not have had access to the one in the triage area when he triaged this particular patient. In response to the incident in Finding of Fact Number Eight (8), Respondent states that he is aware there were no policies or protocols for ordering a CT scan without a physician's authorization; however, in instances such as in this incident when the Emergency Department is busy, in "over-flow" and with no beds available, triage nurses are unofficially encouraged to order diagnostic exams for patients to "speed things up."

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(A),(1)(P)&(3)(A) and 217.12(1)(A),(1)(B),(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 654450, heretofore issued to MARCO RODRIGUEZ, including revocation of Respondent's license to practice professional nursing in the State of Texas.
